THE MOTION CARRIED UNANIMOUSLY. Absent: Commissioners Maiville and Polsdofer

11. Fair Office

- b. Resolution to Approve the Reclassification and Title Change of Fair Manager to Fairgrounds Events Director

MOVED BY COMM. TENNIS, SUPPORTED BY COMM. MORGAN, TO APPROVE THE RESOLUTION.

Commissioner Morgan stated that the reason for this resolution was that the County had gone through seven different Fair Managers over twelve years. He further stated that the Committee felt that the job description relied too heavily on farming and livestock issues and not enough on managing a complex organization.

Commissioner Morgan stated the job description was rewritten by Human Resources to include more of a management bent. He further stated he felt strongly that the Board needed to get the Fair on better ground and if the County attracted and retained the right candidate here, it would be a step in the right direction.

Commissioner Crenshaw asked if anyone talked to the Fair Board members about this issue.

Commissioner Tennis stated that he assumed they were aware.

Commissioner Morgan stated that Monday, during the Human Services Committee meeting, job description was altered, with accounting removed and a more management focus added to the employment qualifications. He further stated that he had not spoken to any Fair Board members directly.

Commissioner Morgan stated that he felt that reform was needed on the Fair Board and that should be kept an eye on as reappointments came up.

Commissioner Crenshaw stated that when he talked to Fair Board members, he was not under the impression they were aware. **He requested that the Deputy Controller reach out to the Fair Board before next Tuesday to let them know about the change in Fair Manager position.**

Commissioner Schafer stated that he felt strongly that since there were County Commissioners who are appointed to work with the Fair Board, that was who should make contact, rather than staff.

Commissioner Morgan stated that was a valid point.

Discussion.

Chairperson Grebner stated that at this point, it was better if staff let them know before Tuesday and in the future, the Board of Commissioners could rely on the Commissioner appointee for such communication.

Commissioner Morgan stated that the Fair Board liaison was not on the Human Services Committee and, as a result, may not have a full grasp of the discussions going on.

Chairperson Grebner stated, in his view, while it was great to tinker with details and try to improve management, the much bigger issue was that it was a historical survivor from a hundred years ago when it used to be very viable. He further stated that fairs all over the country were ceasing to exist because they are no longer relevant.

Chairperson Grebner stated that he felt the Board would eventually have to face that something dramatic would have to change to save the Fair, beyond changing the job description and who was on the Fair Board.

Commissioner Morgan stated that his long term vision was that this put the Fair on life support until something more was done to resuscitate it, such as being combined with Common Ground.

Chairperson Grebner suggested his alternative was that the City of Mason might eventually want to take over the Fair.

Discussion.

APRIL 24, 2019 FINANCE AGENDA STAFF REVIEW SUMMARY

RESOLUTION ACTION ITEMS:

The Controller's Office recommends approval of the following resolutions:

1. Board of Commissioners Office – *Resolution Adjusting Compensation for Various Appointed Boards and Commissions*

The Board of Commissioners has established per diems and other forms of compensation for various appointed Ingham County boards and commissions. A resolution is offered to increase per diem paid to members of various boards and commissions to \$75.

2a. Clerk's Office – *Resolution Establishing Compensation for the Ingham County Board of Canvassers*

Michigan statute (MCL 168.28) requires that members of the various boards of election commissioners and any other person charged with duties in connection with the conduct of primaries, elections, canvassing of returns, and recounts must receive compensation as is determined by the legislative body of this state, the county, the city, the township, or the village, as applicable. The statute further requires that the Board of Commissioners shall consult with the county clerk to determine the compensation for the board of county canvassers and any assistants employed by the county board of canvassers.

The County Clerk recommends approval of a resolution to adopt a compensation plan as follows:

- The rate of pay for Canvassers will be \$15.00 per hour.
- The rate of pay for Assistants will be \$13.00 per hour.
- No meals will be provided or reimbursed by the County unless it is due to an out of area training that was previously approved by the Ingham County Clerk.
- Compensation would only be rendered for:
 - Meetings of the Ingham County Board of Canvassers for which there is quorum and the canvasser/assistant participates
 - Non-County facilitated training opportunities if approved by the Ingham County Clerk
- Mileage will only be reimbursed for business travel between meeting locations (e.g., when canvassers travel to multiple municipalities for ballot container certification) or outside trainings previously approved by the Ingham County Clerk.

2b. Clerk's Office – *Resolution to Revise the Ingham County Contract Procedures*

A recent opinion provided by the County Attorney's Office concluded that "purchase orders fall within the classification of 'records...of the board of commissioner' and/or 'agreement' and, thus, are required to be deposited with the County Clerk's Office." The County Clerk's Office, Board of Commissioners' Office, and Purchasing Department jointly recommend approval of a resolution to include a new section in the contract procedure policy to establish the manner in which purchase orders will be processed.

3. Drain Commissioner – Resolution to Authorize an Agreement with Huntington National Bank for the Financing of a Vactor Truck

The Drain Commissioner has determined that it is more cost-effective to purchase a new Vactor Truck which is used to clean storm drains at a total cost of \$445,584.80, which we would pay in five annual installments of \$98,214.08. A resolution is proposed to authorize purchase of the vehicle through an Installment Purchase Agreement with Huntington National Bank at 3.33% per annum interest, with five payments of \$98,214.08 per annum.

4a. Sheriff's Office – Resolution to Continue Support Service Agreement with Carousel Industries for the Jail and Training Rooms Audio and Video Systems with the Ingham County Sheriff's Office

This resolution will authorize the continued Support Service Agreement (SSA) for the Jail and Training Rooms Audio and Video systems from Carousel Industries in an amount not to exceed \$5,799.75 to be paid from the IT Maintenance account. This will exercise the second of two, one year extension options extending the term of the contract for one additional year.

See memo for details.

4c. Sheriff's Office – Resolution to Approve the Letter of Understanding with Capitol City Labor Program (CCLP) Corrections Unit

This resolution will approve a Letter of Understanding (LOU) between Ingham County and the CCLP Corrections Unit to allow the annual vacation accrual to be increased to 380 hours until December 31, 2020 and payment of vacation hours in excess of the maximum accrual allowed until December 31, 2019, at which time such practice will discontinue. Similar LOUs have been executed in the past.

This LOU is proposed to address the inability of some employees to schedule enough vacation time to avoid encroaching on the maximum accumulation provided under the collective bargaining agreement. It is anticipated that this situation will continue given current staffing levels. To provide a long-term solution, the Sheriff's Office will be preparing a request for additional Corrections Deputies as part of the 2020 budget process.

See memo for details.

5. Friend of the Court/Prosecuting Attorney/Innovation & Technology Department – Resolution to Authorize a Contract with Rehmann Consulting to Assist the Friend of the Court, Prosecuting Attorney, and Innovation & Technology Departments in Implementing the Independent Security Audit Requirement as Set Forth in Michigan Office of Child Support IV-D Memorandum 2017-011

The requirements include an Independent Security Audit of the county's IT network by September 30, 2019. Compliance with this audit is required per the terms of the current five-year Cooperative Reimbursement Program (CRP) contract, which expires on September 30, 2022. Ingham County Friend of the Court and the Family Support Unit of the Prosecuting Attorney's Office receive almost \$5 million in IV-D funding annually for child support enforcement and related expenditures. 11a. Farmland and Open Space Preservation Board – Resolution to Amend Resolution #19-082 Approve Proceeding to Close Permanent Conservation Easement Deeds

On March 12, 2019 the Board of Commissioners approved Resolution #19-082 which authorized closing a permanent conservation easement deeds on the Bergeon Property at a price not to exceed \$251,000. An acreage discrepancy was discovered through the appraisal process in which the road right-of-way was subtracted from the total protected area. The correct acreage should be 75.3 at a price per acre of \$3,423, which yields an easement value of \$257,752. A resolution is offered to recognize these corrections.

Item I - Recycling and resurfacing of:

- Lake Lansing Road from Lac Du Mont Drive to Marsh Road

12c. Road Department – Resolution Setting Engineering Charges on Special Assessment Subdivision Street Resurfacing Projects

Delhi Township has been administering special assessment districts (SADs) for subdivision street resurfacing in Delhi Township for a number of years as allowed under Michigan statutes (MCL 41.721 - 41.738). The Township recently decided to discontinue this practice and as a result insufficient funds exist to offer complete recycling and resurfacing of subdivision streets in the Township. However, another statute (MCL 41.271 - 41.290) allows for county road commissions to administer SADs for road improvement. The Road Department must secure engineering services in order to estimate costs associated with road projects within a SAD. Engineering costs typically fall within approximately 20% - 25% of actual construction costs on most typical road resurfacing project, however actual engineering costs can vary considerably. In order to comply with statutory requirements, the Road Department recommends approval of a resolution to set engineering and project administration costs at 20% of the total project cost for special assessment subdivision street resurfacing projects.

12d. Road Department – Resolution to Approve an Agreement between the Michigan Department of Transportation and Ingham County in Relation to Road Resurfacing Projects for Lake Lansing Road from Hagadorn Road to Saginaw Highway, Hagadorn Road from Lake Lansing Road to its Northern Terminus at Birch Row Drive, and Birch Row Drive from Hart Street to Hagadorn Road

The Road Department received federal funding to resurface Lake Lansing Road from Hagadorn Road to Saginaw Highway. As part of the same project, the department also intends to resurface Hagadorn Road from Lake Lansing Road to its northern terminus at Birch Row Drive and Birch Row Drive from Hart Street to Hagadorn Road, using a combination of Road Department funds and Meridian Township matching funds. These projects were packaged together as a single construction contract because they have similar work and to take advantage of economy of scale benefits. The projects generally involve roadway resurfacing, storm sewer replacement, sidewalk upgrades, and traffic signal replacement. The Road Department seeks approval of a resolution to authorize a contract with the Michigan Department of Transportation to undertake this project at a total cost of \$1,532,600.

13a. Human Resources Department – Resolution to Approve Managerial and Confidential Employee Reclassification Levels

The Human Resources Department made a call for standard and customary reclassification requests from all employees in 2018. Reclassification requests were processed in a manner consistent with collective bargaining agreements, procedures developed in conjunction with various labor group representatives, and in a manner consistent with past practice. The Department and its designees completed an objective review of all reclassification requests submitted by Managerial and Confidential Employees. A resolution is offered to authorize classification changes as proposed by the Human Resources Department.

13b. Human Resources Department – Resolution to Amend Personnel Policy 107: Special Part-Time, Temporary or Seasonal Employee Sick Leave Policy

Provisions of the Paid Medical Leave Act (MCL 408.961) approved late last year took effect on March 29. The Act requires public and private employers who employ fifty (50) or more individuals to provide eligible employees with paid medical leave. On February 23, 2016 the Board of Commissioners approved Resolution #16-052 to adopt a policy that established paid sick leave for employees who meet the definition of “special part-time, temporary or seasonal worker”, and are not covered under a collective bargaining agreement. The Human Resources Department recommends approval of a resolution to amend the Special Part-Time, Temporary or Seasonal Employee Sick Leave Policy to incorporate provisions of the Paid Medical Leave Act.

14a. Controller's Office – Resolution Authorizing Adjustments to the 2019 Ingham County Budget

This resolution will authorize various budget adjustments for the first quarter of 2019. The total increase to the General Fund is \$50,523.

The quarterly budget amendment process as authorized by the Board of Commissioners is necessary to make adjustments to the adopted budget. Typical adjustments result from updated revenue and expenditure projections, grant revenues, reappropriations, accounting and contractual changes, and general housekeeping issues.

Also included is an update of contingency fund spending so far this year. The current contingency amount is \$341,450.

See memo for details.

14b. Controller's Office – Resolution to Accept the 2018 – 2022 Strategic Plan

The 2018 – 2022 strategic plan was adopted by the Board of Commissioners in March 2017. The version included here is not changed from the original, with one exception. Last year, the resolution was updated to reflect years 2019-2023. We recommend reverting back to 2018-2022 to give the 5-year plan a specific end date, at which time the County can review progress and prepare a new 5-year plan if warranted.

Ingham County's current Strategic Plan identifies the vision, values, and goals to guide resource allocation and work planning for the years 2018 through 2022. The plan includes strategies and an action plan (separate document, also attached) that specifies activities and tasks required for accomplishing the goals. The strategic plan also includes success measures to evaluate the County's progress toward meeting these goals.

PRESENTATION/DISCUSSION/OTHER ITEM:

14c. Controller's Office – Resolution Updating Various Fees for County Services (Discussion)

When the Board of Commissioners adopted Resolution #02-155 setting various fees for county services, the Controller's Office was directed to annually review all fees and to recommend adjustments. The annual review for fiscal year 2020 is complete and a few adjustments are offered for consideration. This information will appear as a discussion item on all committee meeting agendas for this round. Formal presentation of a resolution to adopt the fees is anticipated for the next round of meetings. A draft version of the resolution is attached for review.

SUBJECT: Resolution Adjusting Compensation for Various Appointed Boards and Commissions

BACKGROUND

The Board of Commissioners has established per diem and other forms of compensation for various appointed Board and Commissions.

Per diem payments are currently set at \$60 and have not been increased since 2006.

FINANCIAL IMPACT

Funding would be increased \$15 per month for each member eligible to receive a per diem and would be part of future budget requests.

Number of members eligible to receive per diems by board/commission are as follows:

Board of Election Commissioners 1 (meets as needed)
Department of Human Services Board 3
Fair Board 13
Jury Board 3 (meets quarterly)
Parks and Recreation Commission 8
Veterans Affairs Committee 5

ALTERNATIVES

The alternate would be to leave the per diem payments at the current rate.

RECOMMENDATION

I recommend approval of the resolution.

TO: Ingham County Board of Commissioners

FROM: Ingham County Clerk Barb Byrum

DATE: April 1, 2019

SUBJECT: Resolution Establishing Compensation for the Ingham County Board of Canvassers

BACKGROUND

The Ingham County Board of Canvassers is a four-member body that is responsible for canvassing and certifying elections held in the county, conducting recounts, and inspecting ballot containers. The membership consists of two Democrats and two Republicans who are appointed by the Board of Commissioners.

Ingham County Canvassers have previously been compensated at the County Commissioner per diem rate, which most recently had been \$60.00.

Pursuant to Public Act 614 of 2018, the current rate of pay has been repealed and there is now a requirement that the Board of Commissioners consult with the County Clerk to determine compensation for canvassers and any assistants employed by the Board of Canvassers.

I respectfully recommend that the following compensation plan be adopted:

- The rate of pay for Canvassers will be \$15.00 per hour.
- The rate of pay for Assistants will be \$13.00 per hour.
- No meals will be provided or reimbursed by the County unless it is due to an out of area training that was previously approved by the Ingham County Clerk.
- Compensation would only be rendered for:
 - Meetings of the Ingham County Board of Canvassers for which there is quorum and the canvasser/assistant participates
 - Non-County facilitated training opportunities if approved by the Ingham County Clerk
- Mileage will only be reimbursed for business travel between meeting locations (e.g., when canvassers travel to multiple municipalities for ballot container certification) or outside trainings previously approved by the Ingham County Clerk.

The Ingham County Board of Canvassers performs hands-on detail-oriented work, not just debating/voting at meetings. The recommended plan would make compensation commensurate with the duties and time commitment required of canvassers. For example:

Scenario	Previous Plan (\$60 per diem)	Recommended Plan (\$15/hour for Canvassers)
One hour meeting of the Board	\$60	\$15
8-hour day canvassing an election (i.e., full work day)	\$60	\$120

*Please note that the examples above do not account for employer-borne costs such as employer-portion of FICA.

FINANCIAL IMPACT

Funding for Board of Canvasser compensation is part of the County Clerk budget (\$2,100 available in 2019 (101-19100-708000)). Funding for this resolution, if adopted, would be part of future budget requests.

ALTERNATIVES

The statute that set in place the \$60.00 per meeting compensation plan has been repealed. If this resolution is not adopted, canvassers/assistants would not be compensated for the duties they perform for the Ingham County Board of Canvassers.

RECOMMENDATION

I recommend approval of the resolution.

Introduced by the County Services and Finance Committees of the:

INGHAM COUNTY BOARD OF COMMISSIONERS

**RESOLUTION ESTABLISHING COMPENSATION FOR THE
INGHAM COUNTY BOARD OF CANVASSERS**

WHEREAS, the Ingham County Board of Canvassers is a four-member body that is responsible for canvassing and certifying primaries and elections held in the county, conducting recounts, inspecting ballot containers, and other duties; and

WHEREAS, effective March 28, 2019, Public Act 614 of 2018 requires the County Board of Commissioners to consult with the County Clerk to determine compensation for the County Board of Canvassers and any assistants employed by the County Board of Canvassers; and

WHEREAS, the Ingham County Board of Canvassers were previously compensated at \$60.00 per meeting; and

WHEREAS, the Ingham County Clerk is recommending that the following compensation plan be adopted for members/assistants of the Ingham County Board of Canvassers:

- The rate of pay for Canvassers will be \$15.00 per hour.
- The rate of pay for Assistants will be \$13.00 per hour.
- No meals will be provided or reimbursed by the County unless it is due to an out of area training that was previously approved by the Ingham County Clerk.

- Mileage will only be reimbursed for business travel between meeting locations (e.g., when canvassers travel to multiple municipalities for ballot container certification) or outside trainings previously approved by the Ingham County Clerk.

THEREFORE, BE IT RESOLVED, that the compensation plan, as recommended above, be adopted.

BE IT FURTHER RESOLVED, that the Controller/Administrator is authorized to make any necessary adjustments to the budget.

SUBJECT: Resolution to Revise the Ingham County Contract Procedures

BACKGROUND

MCL 46.5 requires that executed contracts and purchase orders be filed with the County Clerk. The Board of Commissioners authorized Resolution 15-335, which put into place the first iteration of the Contract Procedures. In reviewing its effectiveness, it was revised with Resolution 18-194.

The County Attorney has advised that purchase orders be treated similarly to executed contracts and filed with the County Clerk.

The County Clerk's Office, Board of Commissioners' Office, and Purchasing Department have reviewed the Contract Procedures, and the product of this review is the recommended resolution.

Highlights

Purchase orders are explicitly included in the Contract Procedures.

The required signatures for a properly executed contract authorization form are spelled out.

The County Clerk will no longer sign contracts. The County Clerk file number appearing on the face of the contract/PO shall serve as evidence of proper filing.

The Purchasing Department will be added to the contract distribution list.

FINANCIAL IMPACT

There is no direct financial impact associated with this resolution.

OTHER CONSIDERATIONS

None.

RECOMMENDATIONS

I respectfully recommend approval of the resolution.

Introduced by the County Services Committee of the:

INGHAM COUNTY BOARD OF COMMISSIONERS

RESOLUTION TO REVISE THE INGHAM COUNTY CONTRACT PROCEDURES

WHEREAS, Ingham County enters into hundreds of agreements each year with federal, state, and local governments, vendors, and agencies; and

WHEREAS, MCL 46.5 requires that contracts and purchase orders entered into by the Ingham County Board of Commissioners be deposited with the Ingham County Clerk; and

WHEREAS, the Contract Procedures were established by Resolution 15-335 and then amended by Resolution 18-194; and

WHEREAS, it is advisable to regularly evaluate established procedures and guidelines for the execution and processing of contracts so that every department engages in consistent practices; and

WHEREAS, the Ingham County Clerk's Office, Board of Commissioners' Office, and Purchasing Department have reviewed the current Contract Procedures and have recommended that they be revised as attached.

THEREFORE BE IT RESOLVED, that the Ingham County Board of Commissioners hereby approves the revisions to the Contracts Procedures.

BE IT FURTHER RESOLVED, that the County Clerk shall provide a copy of this resolution and the revised Contract Procedures to all department heads and all elected officials that serve as heads of their offices or courts.

Contract Procedures

MCL 46.5 requires that executed contracts (**including but not limited to purchase orders**) be ~~deposited~~**filed** with the County Clerk. To assure that appropriate contractual documents are prepared, executed and recorded, the following procedures shall be implemented:

Execution of Contracts

After approval by the Board of Commissioners, resolutions and **fully executed** contract authorization forms are submitted to the County Attorney's Office at which time a contract is prepared. The contract is approved as to form by the County Attorney and forwarded to the department requesting the **contract**. The contract authorization form can be used for **service agreement contracts** \$5,000 and under. **In accordance with Resolution #09-095, contract authorization forms must be signed by the Purchasing Director, Controller, Liaison Committee Chairperson, Finance Committee Chairperson and Chairperson of the Board of Commissioners.**

The department shall submit two hard copies of the ~~agreement~~**contract** that were signed by the vendor and County Attorney, along with **an equal number of copies of** the resolution or signed contract authorization form authorizing the ~~agreement~~**contract**, to the Board of Commissioners' Office for County signatures. Two hard copies of the contracts must be submitted to the Board of Commissioners' Office for signature; **however, more may be submitted.** Signatures must be obtained through the Board of Commissioners' Office.

The Board Chairperson is the only authorized signatory for the County of Ingham unless others are authorized to sign by Board resolution. The Vice-Chairperson is authorized to sign in the Board Chairperson's absence.

The Board of Commissioners' Office shall submit the ~~two~~ signed hard copies of the ~~agreement~~**contract**, along with an equal number of copies of the resolution or signed contract authorization form authorizing the ~~agreement~~**contract**, to the County Clerk's Office **for filing**.

The County Clerk's Office shall assign a file number and append said information to the first page of **each copy** ~~the agreements~~. The County Clerk **file number shall signify** ~~shall sign the agreements to acknowledge~~ that an original ~~agreement~~**contract** has been filed with **the** County Clerk **and** the appropriate **source of authority for the contract has been provided.** ~~resolution or signed contract authorization form has been included with that original and a file number has been assigned and appended to the agreement(s). The Chief Deputy County Clerk is authorized to sign in the absence of the County Clerk.~~ This will be accomplished within 5 business days after receipt **of the contract or purchase order documents** by the County Clerk's Office.

Once the contract documents are completely executed, the County Clerk's Office shall make sure any blank dates in the contract are filled in. The County Clerk's Office shall file one original ~~agreement~~**contract** and submit any additional originals or copies to the appropriate department. Upon receipt of copies from the **County Clerk's Office**, each department shall enter the file number into MUNIS.

Distribution of Contracts

The requesting department is responsible for duplicating and distributing the fully executed contracts, including all exhibits and attachments, along with the resolution or contract authorization form for distribution as follows:

Director of Financial Services (electronic copy)

County Attorney (electronic copy)

Purchasing (contract authorization forms)

Regarding ~~Agreement~~Contracts Signed Electronically

In the event a contract is signed electronically, for example with the State of Michigan, it is the responsibility of the department to submit to the County Clerk's Office, in paper format, one fully executed ~~agreement~~**contract** and one copy of the authorizing resolution or signed contract authorization form for filing.

The County Clerk's Office shall otherwise take the same steps as outlined in Execution of Contracts above.

Contract Expiration

It is up to each department to monitor expiration dates of contracts that involve their departments to determine if the ~~agreement~~**contract** needs to be renewed or if the services are no longer necessary. If the contract needs to be renewed, a resolution renewing the ~~agreement~~**contract** should be scheduled before the appropriate Liaison Committee and the Board of Commissioners before the expiration of the ~~agreement~~**contract**.

Purchase Orders ("PO")

If a PO is utilized, the Purchasing Director or her/his designee shall submit, at a minimum, two hard copies along with an equal number of copies of the adopted resolution authorizing a specific purchase or signed contract authorization form authorizing the PO to the County Clerk's Office. Where there is not a specific formal resolution needed for the purchase, the source of authority (resolution number referencing the applicable Purchasing Policy) shall be printed on the PO. The County Clerk's Office shall process the PO as delineated above, retain one copy for filing, and then return all additional copies to the Purchasing Department. The Purchasing Director or his/her designee is authorized to sign any necessary PO. A PO may be issued to a business for services \$5,000 and under, provided however, that the business is an Ingham County registered vendor and is amenable to the County's PO Terms and Conditions, which have been reviewed as to form by legal counsel.

Re: Purchase of Vactor Truck

We are planning on purchasing a vactor truck to replace the 2007 vactor truck that we currently own.

The new vactor truck is priced at \$445,584.80, which we would pay in five annual installments of \$98,214.08. The purchase price of the vactor truck was established through the State of Michigan Sourcewell contract. The Ingham County Purchasing Department agrees with the use of this contract and with our use of financing through Huntington National Bank.

I have attached all agreements related to this purchase for review by the County Attorney.

RE: A CONTRACT AMMENDMENT WITH THE MICHIGAN DEPARTMENT OF
HEALTH AND HUMAN SERVICES

Resolution #14-324 authorized the initial contract with the Michigan Department of Health and Human Services (DHHS). The contract allows the Ingham County Sheriff's Office to provide transportation of specific in-custody juvenile inmates under the care of DHHS throughout Ingham County and its contiguous counties.

The DHHS requested this service in an effort to find a safer method for their staff and the in-custody juveniles to be transported to secure locations. The Sheriff's Office uses off duty deputies to provide these services on an infrequent basis. The Sheriff's Office is then reimbursed for the associated overtime expenses and vehicle mileage.

Resolution #17-193 authorized an amendment to the payable amount Ingham County could receive from DHHS for these services (increased from \$10,000 to \$17,500).

Resolution #17-297 authorized a renewal of the contract with DHHS in an amount not to exceed \$10,000 for a term of October 1st, 2017 to September 20th, 2018. This also included an option for two one year extensions.

Resolution #18-137 authorized another amendment that modified the payable amount to \$30,000 that Ingham County could receive from DHHS for these services (\$15,000 for 2017-2018 and \$15,000 for 2018-2019). This amendment also executed the first of two one year extensions of the term. The modified expiration date extended the expiration to September 30th, 2019.

DHHS is seeking to amend the current contract and exercise the second of two one year extensions. The contract will extend to a termination date of September 30th 2020. The payable amount of the contract extension will remain at \$15,000 for the remaining year which increases the do not exceed total for the contract to \$45,000.

The Sheriff's Office is agreeable to this extension and would like to continue the partnership with DHHS.

INGHAM COUNTY BOARD OF COMMISSIONERS

**RESOLUTION TO AUTHORIZE AN AMENDMENT TO A CURRENT CONTRACT
WITH THE MICHIGAN DEPARTMENT OF HEALTH AND HUMAN SERVICES FOR
TRANSPORT SERVICES OF SPECIFIC JUVENILES BY SHERIFF'S DEPUTIES**

WHEREAS, the Michigan Department of Health and Human Services seeks to amend a current contract for transportation of specific juveniles; and

WHEREAS, the purpose of the amendment is to exercise the second of two one year extension options extending the term of the contract for one additional year, through September 30, 2020, and add a not to exceed reimbursement amount of \$15,000 for this final year; and

WHEREAS, the Ingham County Sheriff's Office wishes to continue the service provided to the Michigan Department of Health and Human Services for transportation of specific, in-custody juveniles; and

WHEREAS, the Michigan Department of Health and Human Services shall reimburse Ingham County for the Sheriff Deputies' overtime wages and transportation costs in an amount not to exceed \$45,000 in total for the contract.

THEREFORE BE IT RESOLVED, that the Ingham County Board of Commissioners hereby authorizes the Ingham County Sheriff's Office to continue its participation with the Michigan Department of Health and Human Services for the transportation of specific in-custody juvenile inmates for an amount not to exceed \$15,000 for 2019-2020, extending the contract expiration to September 30, 2020.

BE IT FURTHER RESOLVED, that the Chairperson of the Ingham County Board of Commissioners and the Sheriff are authorized to sign any necessary contract amendment documents consistent with this resolution and approved as to form by the County Attorney.

SUBJECT: LOU ~ CCLP Corrections Unit

BACKGROUND:

Great strides have been made to address the staffing level situation in the Ingham County Jail, yet this continues to be an ongoing issue. Employees are unable to schedule enough vacation time to avoid encroaching on the maximum accumulation provided under the collective bargaining agreement. It is the desire of the parties to continue the temporary procedure of:

- Allowing the annual vacation accrual to 380 hours to pay employees for hours in excess of the maximum accumulation so employees do not lose the earned vacation time. This LOU allowing the annual vacation accrual to be increased to 380 hours is to remain in place until December 31, 2020.
- With the cash out of vacation time over and above the 380 hour maximum accumulation until December 31, 2019, at which time the cash out practice will end.

The best long-term solution to this problem would be to increase staffing. The Sheriff's Office will be preparing a core services request for additional Corrections Deputies as part of the 2020 budget process.

ALTERNATIVES:

Not addressing this problem would allow employees to lose accrued vacation time.

FINANCIAL IMPACT:

The LOU outlines the process for payment at the employee's regular hourly rate.

OTHER CONSIDERATIONS:

There are not many employees in the unit that will approach the maximum and those that may approach the maximum accumulation are long term employees that have a high vacation accrual rate. Similar LOU's have been executed historically, with limited duration, for this unit and with the 911 Non-Supervisory Unit in response to employees' difficulty with scheduling time off.

RECOMMENDATION:

Based on the information presented, I respectfully recommend approval of the attached resolution authorizing the Letter of Understanding between the Employer and CCLP regarding increasing/continuing the annual vacation accrual to 380 hours through December 31, 2020 and allowing the cash out or payment of vacation time excess of the maximum accumulation until December 31, 2019.

INGHAM COUNTY BOARD OF COMMISSIONERS

**RESOLUTION TO APPROVE THE LETTER OF UNDERSTANDING WITH
CAPITOL CITY LABOR PROGRAM (CCLP) CORRECTIONS UNIT**

WHEREAS, a collective bargaining agreement had been reached between representatives of Ingham County, the Ingham County Sheriff's Office, and the Capitol City Labor Program, Inc. (CCLP) – Corrections Unit for the period January 1, 2018 through December 31, 2020; and

WHEREAS, the parties wish to amend the Agreement; and

WHEREAS, the Ingham County Sheriff's Office and Human Resources have discussed with the CCLP Corrections Unit the need for allowing the annual vacation accrual to be increased to 380 hours until December 31, 2020 and payment of hours in excess of the maximum vacation accrual allowed due to current staffing levels until December 31, 2019, at which time payment of hours in excess of the maximum vacation accrual allowed will discontinue and have prepared the attached Letter of Understanding between the parties; and

WHEREAS, the provisions of the Letter of Understanding have been approved by the Law and Courts, County Services, and Finance Committees.

THEREFORE BE IT RESOLVED, that the Ingham County Board of Commissioners hereby approves the attached Letter of Understanding between Ingham County and the CCLP Corrections Unit with respect to allowing the annual vacation accrual to be increased to 380 hours until December 31, 2020 and payment of vacation hours in excess of the maximum accrual allowed until December 31, 2019, at which time such practice will discontinue.

BE IT FURTHER RESOLVED, that the Chairperson of the Board of Commissioners is authorized to sign the Letter of Understanding on behalf of the County, subject to the approval as to form by the County Attorney.

INCREASE IN MAXIMUM VACATION ACCUMULATION

WHEREAS, the current collective bargaining agreement between the parties provides in Article 33, VACATION, Section 5a that annual leave days not used may only be accumulated to a maximum of 300 hours or alternatively to a maximum of 320 hours where the Employee secures the written approval of the Undersheriff; and

WHEREAS, due to the staffing level currently existing in the Sheriff's Office the parties established a temporary expanded maximum vacation (annual leave) accumulation of 380 hours through December 31, 2017 through the use of a Letter of Understanding which expired by its terms on December 31, 2017; and

WHEREAS, the parties recognize a need to renew and extend the expanded maximum vacation accumulation limit through December 31, 2020 as well as to document retroactively to January 1, 2018, the practice of the parties in allowing vacation accumulations beyond the 300 or 320 contract maximums; and

WHEREAS, Corrections Officers will not be allowed to continue to accrue vacation (annual leave) above the 380 hour agreed upon maximum; and

WHEREAS, the parties have come to an agreement on renewal of and continuation of the expanded maximum accumulation and there will be no future accrual of or payment for vacation hours accrued over and above the 380 hour maximum accumulation except as stated below in paragraph 2.

NOW, THEREFORE, IT IS HEREBY AGREED, between the parties as follows:

1. The annual maximum vacation accrual shall be increased to 380 hours without the requirement for the written approval of the Undersheriff retroactive to January 1, 2018 through December 31, 2020.
2. Corrections Deputies will continue to receive the cash out of vacation accrued over and above the 380 hours maximum accumulation until December 31, 2019, at which time such practice will discontinue.

3. This Letter of Understanding will be effective through December 31, 2020, at which time the temporary increase in maximum leave accumulation shall expire.

RE: CONTRACTING WITH REHMANN CONSULTING TO ASSIST THE
FRIEND OF THE COURT, PROSECUTING ATTORNEY AND INNOVATION
& TECHNOLOGY DEPARTMENTS IN IMPLEMENTING THE
INDEPENDENT SECURITY AUDIT REQUIREMENT OF IV-D
MEMORANDUM 2017-011

DATE: APRIL 9, 2019

IV-D Memorandum 2017-011, issued on July 28, 2017, requires Michigan Friend of the Court and Prosecuting Attorney offices with locally/"county managed" networks to complete an Independent Security Audit of the county's IT network by September 30, 2019. Compliance with this audit is required per the terms of the current five-year Cooperative Reimbursement Program (CRP) contract, which expires on September 30, 2022. Ingham County Friend of the Court and the Family Support Unit of the Prosecuting Attorney's Office receive almost \$5 million in IV-D funding (including incentive funding) for child support enforcement and related expenditures annually.

The initial portion of this audit, submitted at the end of January, 2018, required counties to identify whether or not their networks contain confidential IV-D child support or IRS income tax information (the latter would be kept due to information retained by Friend of the Court offices from the intercept of federal income tax refunds for payment of past-due support). This information was confirmed to be on the Ingham County network.

The second portion of the audit, due on September 30, 2019, is much more comprehensive, and requires counties with confidential information on their networks to confirm they are in compliance with federal IV-D and IRS security requirements. To assist the Friend of the Court, Prosecuting Attorney, and Innovation & Technology Departments in meeting these requirements, \$50,000 was budgeted for the fiscal year ending September 30, 2019, to hire a technology risk management consultant. This amount is eligible for 66% IV-D/CRP reimbursement, so the net general fund cost of the engagement was budgeted for \$17,000.

Three vendors were selected from the DTMB MiDeal list, to request an interview and proposal from. One, Plante & Moran, did not respond to numerous requests and emails requesting a meeting, and was therefore not interviewed. On the afternoon of January 29, 2019, two other vendors, Rehmann Consulting and Cyber Defense Technologies, were interviewed by Harry Moxley (FOC), Deb Fett (IT Director), Michael Cheltenham (Chief Assistant PA), and Jim Hudgins (Ingham County Purchasing Director). Following these interviews, Rehmann Consulting submitted a proposal for \$25,500 (\$8,670 general fund cost), and Cyber Defense Technologies (which is a Washington DC-based vendor) submitted a proposal for \$92,235.88 (\$31,360.20 general fund cost).

We are therefore recommending a contract with Rehmann Consulting. In addition to the obvious difference in price, Rehmann has a proven track record with Michigan clients, including governmental units, for technology risk management. Currently Eaton, Clinton, Calhoun, Iosco, and Monroe counties have engaged with Rehmann for this audit and at least two other large counties are considering doing so as well. Cyber Defense Technologies is typically engaged at the statewide level and does not appear to be well suited for engagements with local governments.

Thank you for your consideration. Attached is IV-D memorandum 2017-011. A representative of the FOC, PA, and/or IT Departments will be in attendance at the April 18 Law & Courts Committee meeting, and the April 24 Finance Committee meeting, to answer any questions.

☐ Form(s)

SUBJECT: OCS Implementation of the Independent Security Audit Requirement Contained in Section 4.33(b) of the Current (Fiscal Year [FY] 2017) Cooperative Reimbursement Program (CRP) Agreement

ACTION DUE: Report due to OCS by **January 31, 2018**

POLICY EFFECTIVE DATE: Upon receipt

PURPOSE:

This IV-D Memorandum explains how OCS will implement the Independent Security Audit requirement contained in Section 4.33(b) of the current (FY 2017) Cooperative Reimbursement Program (CRP) Agreement. This IV-D Memorandum also provides guidance related to the items that must be reviewed in an Independent Security Audit and supporting documentation for the security standards.

Detailed information for OCS offices regarding the audit is provided in:

- [Exhibit 2017-011E1, Independent Security Audit Guidance](#); and
- [Exhibit 2017-011E2, OCS Analysis of the OCSE Security Agreement Controls and Their Use in the Independent Security Audit](#).

There is no previous OCS policy on this topic.

DISCUSSION:

A. Independent Security Audit Requirement in the CRP Agreement

Section 4.33(b) of the current (FY 2017) CRP agreement contains the following requirement:

Independent Security Audit

At least once every three years, the Grantee must obtain an independent security audit that evaluates its compliance with the management, operational, and technical controls required by the OCSE Security Agreement,¹ Internal Revenue Service (IRS) *Publication 1075*, DTMB Technical Policies, Standards, and Procedures, and MDHHS-OCS security and confidentiality policies.² The audit must be conducted by an unbiased, independent entity. The entity must issue an audit report that includes detailed findings and recommendations to improve the Grantee's procedures, practices and systems in order to meet the control requirements. The Grantee must provide the report to MDHHS.

The following audits will meet this requirement:

- An IRS Safeguards Review conducted by the IRS; or
- A review conducted by an independent auditing/security review firm.

Under the current Information Technology (IT) support models, a biennial MDHHS-OCS IRS Internal Inspection site visit meets this requirement for state-managed offices, but does not completely meet this requirement for county-managed offices. The biennial MDHHS-OCS IRS Internal Inspection site visits only review business/office procedures and processes; they do not review the IT infrastructure, personal computers (PCs)/laptops/devices, and county systems that contain IV-D data (e.g., imaging systems, file shares). However, the IT infrastructure and PCs/laptops/devices for state-managed offices are reviewed at the state level by the IRS; therefore, everything is audited. The IT infrastructure, PCs/laptops/devices, and county systems that contain IV-D data (e.g., imaging systems or file shares) at county-managed offices are not reviewed at the state level; therefore, everything is not audited. This is summarized in the table on the next page.

¹ Ref: [Exhibit 2017-011E3](#).

² OCSE is the federal Office of Child Support Enforcement; DTMB is the Department of Technology, Management and Budget; MDHHS is the Michigan Department of Health and Human Services.

	State-Managed Offices	County-Managed Offices
Business/Office Procedures and Processes	Reviewed in biennial MDHHS-OCS IRS Internal Inspection site visit.	Reviewed in biennial MDHHS-OCS IRS Internal Inspection site visit.
IT Infrastructure, PCs/Laptops/Devices, and County Systems That Contain IV-D Data (e.g., Imaging Systems or File Shares)	Reviewed at state level by IRS.	Reviewed in an Independent Security Audit.

B. Analysis of the Independent Security Audit Requirement Between the Different IT Support Models

An Independent Security Audit, as it is written in the CRP agreement, refers to more than just IT security; it covers all management, operational and technical controls over handling, storing and using confidential data. For the purposes of this IV-D Memorandum and what needs to be done in an Independent Security Audit, the management, operational and technical controls over handling, storing and using confidential data are divided into:

- The business/office procedures and process controls; and
- The controls over the IT infrastructure, PCs/laptops/devices, and county systems (e.g., imaging systems, file shares) that contain IV-D data.

For the purposes of this memorandum, references to “county systems that contain IV-D data” will include imaging systems and file shares that contain IV-D data.

Note: Section 4.33(a)(8) of the CRP agreement refers to DTMB Technical Policies, Standards and Procedures; however, because of the comprehensive nature of the OCSE Security Agreement and IRS *Publication 1075*, DTMB Technical Policies, Standards and Procedures do not need to be considered at this time, and no action needs to be taken related to those requirements.

1. State-Managed Offices

At state-managed offices, responsibility for the management, operational and technical controls over handling, storing and using confidential data are split between the state and the county office. The business/office procedures and process controls are managed by the county office, but the IT infrastructure and PCs/laptops/devices are managed by the state.

Note: There should not be any IV-D county systems or file shares at state-managed sites.

The biennial MDHHS-OCS IRS Internal Inspection site visits fully meet the audit requirement for state-managed offices because OCS reviews the business/office procedures and process controls during the site visits. Although OCS does not review the controls related to the IT infrastructure and PCs/laptops/devices, those controls are reviewed at the state level (e.g., by the IRS).

2. County-Managed Offices

At county-managed offices, the county has the entire responsibility for the management, operational and technical controls over handling, storing and using confidential data. The county manages the business/office procedures and process controls as well as the controls over the IT infrastructure and PCs/laptops/devices and any county system that contains IV-D data. OCS reviews the business/office procedures and process controls during its biennial IRS Internal Inspection site visits, but OCS does not review the IT infrastructure, PCs/laptops/devices, and county systems that contain IV-D data. Neither DTMB nor the IRS review these items at the state level. Therefore, county-managed offices need an Independent Security Audit that covers the IT infrastructure, PCs/laptops/devices, and any county system that contains IV-D data.

Note: The IRS may choose to audit a county-managed office during an audit of OCS.

The CRP agreement requires an Independent Security Audit once every three years. The effective date of the current CRP agreement was October 1, 2016; therefore, the county-managed offices must complete an audit by **September 30, 2019**.

The cost of the audit must be billed in accordance with [IV-D Memorandum 2012-004](#)³ or its successors. The method used to charge for the IT services that are the subject of the audit must be used to charge for the cost of the audit. As IV-D Memorandum 2012-004 states: "Generally, counties cost-allocate data processing (DP) costs and services as an indirect cost. This is done through an indirect cost allocation plan (CAP), an internal service fund (ISF), or other internal billing arrangement (IBA) that is not an ISF."

C. Compliance With the Independent Security Audit Requirement

1. State-Managed Offices

State-managed offices do not need to have an Independent Security Audit.

2. County-Managed Offices

³ *Michigan Child Support Enforcement System (MiCSES) Technical Support Guidelines, Personal Computer (PC) Allocation Guidelines, Data Processing (DP) Costs and Reimbursement Through the Cooperative Reimbursement Program (CRP), and IV-D-Funded Computer Equipment Requests.*

County-managed offices do not need to complete an Independent Security Audit until **September 30, 2019** because the CRP agreement only requires an Independent Security Audit once every three years.

However, by January 31, 2018, county-managed offices must take the following steps toward compliance. This will allow OCS to have the information in time for the expected IRS audit in 2018. County-managed offices must do the following:

- a. Identify if they have confidential IV-D data⁴ that is contained in a county system or file share and determine if any of the data is federal tax information (FTI) (e.g., MiCSES⁵ tax-offset information, MiCSES IRS addresses).⁶
- b. Contact their county administrator and/or county IT department; refer them to IRS *Publication 1075* Section 9 and the IRS Office of Safeguards website (<https://www.irs.gov/uac/safeguards-program>); and provide them with the CRP agreement language, copies of Exhibits 2017-011E1 and 2017-011E2 (guidance documents), and the OCSE Security Agreement (Exhibit 2017-011E3).
- c. Inform the county administrator and/or county IT department that the IT infrastructure and PCs/laptops/devices that **access** the state systems must be assessed against IRS *Publication 1075* Section 9 as outlined in Exhibit 2017-011E1.
- d. Inform the county administrator and/or county IT department that if there is FTI stored on a county system or file share that contains IV-D data, that system must also be assessed against IRS *Publication 1075* Section 9 as outlined in Exhibit 2017-011E1. If there is no FTI on the system that contains IV-D data, the system only needs to be assessed against the OCSE Security Agreement as outlined in Exhibits 2017-011E1 and 2017-011E2.
- e. Ask their county administrator and/or county IT department to provide written feedback to identify any independent security reviews/audits currently or recently performed that:

⁴ "IV-D data" or "child support *program* information" is data or information obtained in connection with the performance of IV-D functions; this information may or may not be stored in a IV-D data system.

"Confidential information" is defined in [Section 1.10, "Confidentiality/Security," of the Michigan IV-D Child Support Manual](#).

⁵ MiCSES is the Michigan Child Support Enforcement System.

⁶ Ref: Section 1.10 of the *Michigan IV-D Child Support Manual* for a definition of IRS data. Also refer to [IV-D Memorandum 2017-001, *Commingling of Federal Tax Information \(FTI\) With Non-FTI, and the Independent Verification of FTI Addresses*](#).

- 1) Cover the IT infrastructure, PCs/laptops/devices, and/or any county system or file share that contains IV-D data used by the FOC or PA offices; and
- 2) Meet the definition of an acceptable auditor in Section D of this memorandum.

Based upon a discussion with the Michigan State Police, OCS has determined that a Law Enforcement Information Network (LEIN) audit does not meet the requirements for an independent security review/audit.

Separate feedback should be provided for the IT infrastructure, PCs/laptops/devices, and any county systems or file shares that contain IV-D data.

- f. If the county administrator and/or county IT department indicates that no reviews/audits that meet the requirements outlined above were recently or are currently performed, county-managed offices should ask their county administrator and/or county IT department to:
 - 1) Provide a written estimate as to when an Independent Security Audit covering the IT infrastructure, PCs/laptops/devices, and any county systems or file shares containing IV-D data could be completed; and
 - 2) If the audit cannot be completed by September 30, 2019, schedule a self-assessment using the applicable Safeguards Computer Security Evaluation Matrixes (SCSEMs) as outlined in Exhibits 2017-011E1 and 2017-011E2, and complete the self-assessment by September 30, 2018. Provide the date when the self-assessment can begin and when the applicable SCSEMs can be completed. Separate feedback should be provided for the IT infrastructure, PCs/laptops/devices, and any county systems or file shares that contain IV-D data.
- g. Report through the Tax Confidentiality Questionnaire in EGrAMS whether steps (a) through (d) above have been completed, and provide the information obtained from steps (e) and (f). **This report must be submitted to OCS by January 31, 2018.**

OCS will review the feedback. OCS staff will then respond via email to the FOC and PA office directors outlining their interpretation of the next steps and any additional assistance they can provide to help the offices meet the CRP agreement requirement.

D. Additional Information

If the county needs an example of an Independent Security Audit contract, the state currently has a contract with Cyber Defense Technologies, LLC (Contract No. 071B6600012) to provide various vulnerability assessment services to the state. The contract is also available for use by counties under the [MiDeal Extended Purchasing Program](#).

The federal OCSE issued [Information Memorandum \(IM\)-17-01, *Independent Security Assessors and Baseline Security Controls*](#), for tribal agencies. This memorandum discusses identifying independent security assessors and gives examples of minimum baseline security controls. It may provide valuable guidance in the selection of an independent auditing/security review firm.

In addition, OCSE IM-17-01 contains the definition of an acceptable auditor for purposes of the Independent Security Audit: "a competent, independent, and unbiased evaluator who has expertise in information assurance and IT cybersecurity technology, processes, and methodology to validate existing security controls and make a determination of a general security posture of an IT system."

NECESSARY ACTION:

Retain this IV-D Memorandum until further notice. County-managed offices will complete an Independent Security Audit by September 30, 2019. However, they must take steps toward compliance by January 31, 2018. This includes reporting to OCS information about their compliance through the Tax Confidentiality Questionnaire in EGrAMS. (See Section C[2] of this memorandum.)

For the meeting agendas of April 22nd and April 24th, 2019

BACKGROUND

The Capital Area Behavioral Risk Factor Survey (Capital Area BRFS) measures a number of health indicators and quality of life indices including chronic diseases, cigarette and alcohol use, obesity and physical activity, and neighborhood safety. Data from the Capital Area BRFS is essential to the Healthy! Capital Counties community health assessment done in collaboration with two neighboring health departments and the four local hospitals in the region. Data from the Capital Area BRFS is also central to the Community Indicators Project, a core component of Ingham County Health Department's (ICHD's) strategy for informing the community about health status.

ICHD and Capital Area United Way (CAUW) executed a collaborative agreement in 2005, wherein the United Way arranges for consulting and contractual services in support of the Community Indicators Project. The collaborative agreement was originally authorized in Resolution #05-148 and amended in Resolutions #06-205, #07-154, #08-239, #09-197, #10-023, #11-399, #13-016, #14-226, #15-176, #16-405, #17-325, and #18-028, and collaborative activities have continued since the agreement's inception. Under this agreement the CAUW has coordinated funding from Barry-Eaton District Health Department (BEDHD), Mid-Michigan District Health Department (MMDHD), and ICHD to administer the Capital Area BRFS. This resolution will authorize an amendment to the agreement with CAUW and enable data collection to continue.

This amendment extends the agreement for a term of October 1, 2018-September 30, 2019. The amount of the amended contract shall be up to \$23,532.84.

ALTERNATIVES

SUBJECT: Dark fiber for Office of the Public Defender

BACKGROUND

The Ingham County Office of the Public Defender is moving into a leased building at 320 North Washington Square in Lansing. In order to access Ingham County's data network, they will need a data circuit robust enough to support the many IT systems that they will use which includes telephones, networked PCs, surveillance cameras, and a cloud based public defender records system.

ALTERNATIVES

Quotations were obtained from several other vendors however, none, other than the selected vendor, were able to offer a dark fiber solution. The options that were quoted in lieu of dark fiber were metered connections that were a significantly higher price per gigabit than we will receive with a dark fiber solution.

FINANCIAL IMPACT

Funds for this project are provided via the MIDC grant for the Public Defender's office. The installation charge of \$5,000 will be paid out of the Public Defender's Leasehold Improvements fund #26028200-977000 and the recurring monthly costs will be paid out of the Public Defender's Telephone fund #26028200-921050.

Subject: Amendment to Resolution #19-082 Approve Proceeding to Close Permanent Conservation
Easement Deeds

BACKGROUND

Carlson Appraisers of East Lansing appraised the Conservation Easement Deed on the Bergeon Property. In their final report the acreage used was 73.32, however the surveyed acreage was 75.3. The property went through the Bid Process conducted by The Purchasing Department, whereas the landowner signed the offer agreeing to proceed with the conservation easement at \$251,000 or a per acre value of \$3423.00. It is common that discrepancies are discovered in the acreage even after the survey or the appraisal are completed, which is why the per acre value is commonly used.

The Bergeon appraisal was the first of two appraisals Carlson Appraisers completed for the FOSP Board. Carlson calculated the Road Right of Way for the Bergeon property and subtracted it from the total Protected area. This is a common practice among appraisers for wetland and grassland easements used by the MDEQ. However, it is not a practice used by the FOSP Board. The acreage difference was discovered *after* the Bid Process. The easement value for the Bergeon Property should include the Road Right of Way acreage and reflect \$3423.00 per acre for 75.3 acres, thereby bringing the total easement value to \$257,752.00 and not \$251,000.00 which was approved.

FINANCIAL IMPACT

The difference in value will increase the easement amount, not to exceed by \$6,752.00. The FOSP Board has budgeted for this expense in the 2019 budget.

RECOMMENDATION

Based on the information presented, I respectfully request the Board of Commissioners approve the Amendment to resolution #19-082.

Introduced by the County Services and Finance Committees of the:

INGHAM COUNTY BOARD OF COMMISSIONERS

**RESOLUTION TO AMEND RESOLUTION #19-082 TO APPROVE PROCEEDING
TO CLOSE PERMANENT CONSERVATION EASEMENT DEEDS**

WHEREAS, Resolution #19-082 approved closing permanent conservation easement deeds on the Bergeon Property at a price not to exceed \$251,000.00; and

WHEREAS, an acreage discrepancy was discovered through the appraisal process in which the Road Right of Way was subtracted from the total protected area; and

WHEREAS, the per acre value was determined to be \$3423.00 through the state certified appraisal process, and
WHEREAS, the correct acreage should be 75.3 at a price per acre of \$3423.00, which yields an easement value of \$257,752.00.

THEREFORE BE IT RESOLVED, that the Ingham County Board of Commissioners approve proceeding to close on the Bergeon property at a price not to exceed \$257,752.00.

BE IT FURTHER RESOLVED, that the County Chairperson of the Board of Commissioners is hereby authorized to sign any necessary contract documents on behalf of the County after approval as to form by the County Attorney and the FOSP Board Director is authorized to sign all nonessential documents.

BE IT FURTHER RESOLVED, that all others in Resolution #19-082 remain unchanged.

RE: Proposed Resolution to Approve a Contract with Rieth-Riley Construction Company, Inc. for Bid Packet # 37-19, Project Items I, II and Michigan Paving & Materials Company for Bid Packet # 37-19, Project Item III, Various County Primary and Local Road Resurfacing Projects for the Road Department.

BACKGROUND & FINANCIAL INFORMATION:

With the increase in road funding from the 2015 Michigan Road Funding Legislation package, the Road Department has programmed various poor condition, high traffic volume county primary and local roads over the next several years to be recycled and resurfaced as necessary due to pavement deterioration and other upgrades needed.

The 2019 County Road Fund adopted budget includes \$1,500,000 for contracted primary and local road resurfacing for this purpose. In addition, the Road Fund received \$2,320,574 per PA 207 of 2018 which was a special state general fund transfer to the Michigan Transportation Fund (MTF) and was distributed per the Act 51 formula in October 2018 and in January 2019. Although recognized in the last budget adjustment of 2018, this amount will be in the carry-over to 2019. In further addition to the above amounts, per MDOT revenue estimates, the Road Fund is also expected to receive approximately \$584,449 more in 2019 MTF funding due to the state's passing of PA 618 in late 2018, which was another special state general fund transfer to the MTF.

Also per Resolution 18-335 adopted on August 28, 2018, the Road department was awarded a Michigan Department of environmental Quality (MDEQ) Scrap Tire Market Development Grant of \$500,000 for incorporating post-consumer scrap tires into asphalt paving mixtures. \$110,000 of this grant is being used to fund a sub-contract with Michigan State University to research and develop the special asphalt mixture, leaving \$390,000 of the grant to offset costs for test strip placement on a primary road resurfacing project in 2019. This will be used on resurfacing Central Park Drive, Okemos Road to Grand River Avenue, which is one of the projects listed below for bid approval.

The above amounts will be recognized in the County Road Fund 2019 budget per a proposed budget adjustment resolution to be submitted later, which will be applied to contracted primary and local road paving, raising the budget for this item to an estimated \$4,405,000. Please note the carryover from 2018 to 2019 will include approximately \$695,000 in MTF revenue distributed in error by MDOT in 2018 which will be corrected by the same amount less in 2019 MTF payments, but which does not affect any of the amounts given above. Again, this will be recognized in an upcoming 2019 budget adjustment.

CURRENT REQUEST:

The Road Department has determined that pavement recycling, asphalt resurfacing and other repairs are needed on the various county primary and local roads listed below, due to normal deterioration over time.

The Road Department solicited and received sealed bids in accordance with Ingham County Purchasing policies for this project per Bid Packet # 37-19, Items I, II, and III. The bids were reviewed by the Purchasing and Road Departments, and both Departments were in agreement that the low bidders' proposals met all necessary qualifications, specifications and requirements.

Rieth-Riley Construction Company, Inc. of Lansing, MI, submitted the lowest responsive and responsible bids for Items I and II as follows:

Item I: Low Bid--\$ 1,232,111.13

Recycling and resurfacing of:

Lake Lansing Road, Lac Du Mont Drive to Marsh Road--\$720,593.54 (included in above Item I total)

Towner Road, Saginaw Highway (BL 69) to Marsh Road--\$511,517.59 (included in above Item I total)
(Towner Road is a Local Road in Meridian Township bid with Lake Lansing Road as surplus milled asphalt from Lake Lansing Road would be used on Towner Road.)

Item II: Low Bid--\$ 1,892,092.13

Recycling and resurfacing of:

Dell Road, Aurelius Road to College Road

Central Park Drive, Okemos Road to Grand River Avenue

Newman Road, Marsh Road to Central Park Drive

Michigan Paving & Materials Company, of Lansing, MI, submitted the lowest responsive and responsible bid for Item III as follows:

Item III: Low Bid--\$ 412,382.00

Recycling and resurfacing of the following Local Roads in Lansing Township:

Kerry Street, Lake Lansing Road to Lansing City Limits

Hopkins Avenue, Downer Avenue to Chester Road

Fitting Avenue, Saginaw Street to Macon Avenue

Towner Road, Saginaw Highway (BL 69) to Marsh Road and the roads listed under Item III above are local roads which will be funded through the 2019 Local Road Program per agreements that we expect to execute with Meridian and Lansing Townships respectively per resolutions that will be submitted later. Although both townships have preliminarily indicated they will accept these bids, as their final approval has not yet been received, acceptance of the above bids on these local roads will be subject to final approval of Meridian and Lansing Townships respectively.

RECOMMENDATION:

Adopt the attached, proposed resolution to approve entering into a contract with Rieth-Riley Construction Company, Inc. for Items I & II and entering into a contract with Michigan Paving & Materials Company, for Item III, of which both contracts include the recycling, resurfacing and related work as specified in the Ingham County Road Department's Bid Packet # 37-19 for the low bid costs shown above with 10% requested contingency for a contract total of \$3,436,623.59 for Rieth-Riley Construction Company, Inc. and \$453,620.20 for Michigan Paving & Materials Company, again subject to final approval of Meridian and Lansing Townships respectively of the above bids on their local roads.

RE: Memorandum of Performance for RFP No. 37-19: 2019 Primary and Local Road Program

Per your request, the Purchasing Department sought proposals from Michigan Department of Transportation, MDOT, pre-qualified contractors for the purpose of entering into a contract for the 2019 Primary and Local Road Program.

The scope of work includes, but is not limited to, furnishing all necessary equipment, tools, special apparatus needed for construction, labor to perform all work, and materials for concrete curb & gutter replacement, ADA sidewalk ramp upgrades, cold-milling HMA surface removal, crushing & shaping HMA base, hot-in-place HMA recycling, cold-in-place HMA recycling, manhole adjustment, HMA paving, ultra-thin HMA overlay and/or HMA resurfacing, on various roadways per the technical specifications described in the request for proposal.

In accordance with Resolution #13–119, the Local Purchasing Preference Policy was not applied in this solicitation as I have determined that the application of the Local Purchasing Preference Policy would preclude the County from obtaining a sufficient number of competitive proposals.

The Purchasing Department can confirm the following:

Function	Overall Number of Vendors	Number of Local Vendors
Vendors invited to propose	15	3
Vendors responding	2	1

A summary of the vendors' costs is located on the next page.

A preconstruction meeting will be required prior to commencement of work since the construction cost exceeds \$10,000. Please make sure the Purchasing Department is invited and able to attend the preconstruction meeting to ensure that all contractors comply with the Prevailing Wage Policy and proper bonding.

You are now ready to complete the final steps in the process: 1) evaluate the submissions based on the criteria established in the RFP; 2) confirm funds are available; 3) submit your recommendation of award along with your evaluation to the Purchasing Department; 4) write a memo of explanation; and, 5) prepare and submit a resolution for Board approval.

The purpose of this correspondence is to support the attached resolution to purchase 29A Slag, 3/8's x #4 Slag and 29A Natural Aggregate for the scheduled 2019 Chip Seal program and various other road maintenance operations. The Road Department prefers to use Slag on chip sealing projects when available. There has been a limit amount of Slag available in previous seasons; as a result, the road department uses 29A Natural Aggregate as a secondary product for chip sealing and various other projects. Slag is a byproduct from metal blast furnace foundries and slag supplies can change as the demand for metal changes.

The Road Department's adopted 2019 budget includes controllable expenditures and funds for these materials and other maintenance material purchases.

Bids for 29A Slag, 3/8's x #4 Slag and 29A Crushed Natural aggregate were solicited and evaluated by the Ingham County Purchasing Department per Invitation to Bid (ITB) #49-19, and it is their recommendation, with the concurrence of Road Department staff, to award these bids and purchase 29A Slag, 3/8's x #4 Slag and 29A Crushed Natural Aggregate on an as-needed, unit price per ton basis from:

1. Yellow Rose Transport,
 - A. 29A blast furnace slag @ \$29.00 a ton, with an estimated quantity of 3,000 ton delivered to the Western and Metro facilities.
 - B. 29A blast furnace slag @ \$29.95 a ton, with an estimated quantity of 8,000 ton delivered to the Eastern facility.
2. Edward C. Levy Co., 3/8's x #4 blast furnace slag @ 27.35 a ton, with an estimated quantity of 1000 ton delivered to the Eastern facility.
3. Sunrise Aggregates, 29A crushed natural aggregate @ \$20.85 a ton, with an estimated quantity of 1000 ton delivered to the Western facility.

Yellow Transport, Edward C Levy Co., and Sunrise Aggregates have the lowest bids, which meets the specifications required from Bid Proposal #49-19. The Slag and Crushed Natural aggregates shall be delivered to the Road dept. district garage locations.

Several bids were received that failed to meet the 2012 MDOT Standard Specifications for Construction, section 902 aggregates, for use in road Chip-sealing and the additional specifications from Bid Proposal #49-19. These bids were excluded, due to failing to meet the minimal requirements of ITB 49-19.

Therefore approval of the attached resolution is recommended to authorize purchase of the Road Department's 2019 seasonal supply of 29A Slag, 3/8's x #4 Slag and 29A Crushed Natural aggregates.

RE: Proposed Resolution for Engineering Charges on
Special Assessment Subdivision Street Resurfacing Projects

BACKGROUND (re-cap of discussion at April 2, 2019, meeting of the Roadways Sub-Committee):

As discussed at the April 2, 2019, meeting of the Roadways Sub-Committee, all roads, including subdivision streets, in the unincorporated portions of the townships, but not including numbered state routes, are under Road Department jurisdiction and maintenance responsibility. However there is insufficient road funding to offer complete recycling and resurfacing of these streets for which many are, or will become, in need. Typically, township or special assessment revenue is matched with available Road Department local road improvement matching funds in our annual local road program to resurface subdivision and other local (non-primary) county roads in the townships.

Delhi, Williamstown and Alaiedon Townships use special assessment to fund major resurfacing of their subdivision streets. Delhi Township has done a number of these projects over the years and Williamston will eventually have one or more. Alaiedon Township has also stated they would use special assessment if /when any of the commercial subdivision streets in Alaiedon north of I-96 ever need major resurfacing. Instead of special assessment, Meridian and Lansing Townships have a general local road millage for this purpose. The other, more rural, townships, having few subdivisions, have any subdivision resurfacing done as part of their respective local road programs, and use township general funds for their local road work.

Delhi Township has been administering special assessment districts (SAD's) for subdivision street resurfacing for a number of years as prescribed for townships in Michigan Public Act 188 of 1954, (MCL 41.721 - 41.738) but has recently decided to no longer do this. Delhi Township continues to participate with the Road Department in the annual local road match program (LRP), but has substantially more through local roads that need attention than either they or the Road Department have funding available for in the LRP. Thus Delhi Township wants the county to take over any future SAD projects in subdivisions. We currently have two different requests for SAD projects pending in Delhi Township.

Michigan Public Act 246 of 1931 as amended (MCL 41.271 - 41.290) provides the means and methods for county road commissions to administer SAD's for road improvements. As the Ingham County Board of Commissioners took over the powers and duties of the former Road Commission, the County Board will have to take over the various Board functions in the SAD process per PA 246 as well. At the April 2, 2019, meeting of the Roadways Sub-Committee, we briefly discussed the PA 246 SAD process.

CURRENT ISSUE:

At the April 2, 2019, meeting of the Roadways Sub-Committee we also discussed the need to set a consistent, pre-determinable charge for engineering on subdivision SAD projects which would be included in the special assessment. We discussed that given Road department engineering staff limitations if a number of subdivision SAD projects arise, we may need to outsource engineering on these projects to consulting engineering firms.

We also want to keep potential SAD subdivision street resurfacing costs as low as possible to encourage residents to have their streets resurfaced when necessary.

Although engineering costs typically fall within approximately 20-25% of actual construction costs, actual engineering costs can vary considerably, especially during construction for engineering inspection and project oversight if, for example the contractor's progress is slow due to unfavorable weather and/or other reasons, and then engineering time on the project and resulting cost rises commensurately. This would not be known until near the end of the project when the assessment amount has been determined and agreed to by the residents, and thus may be problematic to cover with the established project budget. We therefore discussed that a straight percentage charge, such as 20% of low bid amount, for engineering costs is more predictable, consistent, transparent, generally fairer, and thus typically better received by the residents considering an SAD subdivision street resurfacing project.

FINANCIAL IMPACTS:

The county road fund would absorb any and all variance in engineering charges that may vary from 20% of low bid amount assessed on various SAD subdivision resurfacing projects. As engineering costs may vary below or above 20% of low bid amount on SAD resurfacing projects, the net effect over multiple projects should result in no net excess cost to the road fund, with engineering charges set at 20% of low bid amount on these projects. However this will be tracked, and if a greater percentage needs to be set, the Road department would then submit another proposed resolution to adjust the engineering charge.

RECOMMENDATION:

Upon the Roadways Sub-Committee's direction based on above discussion, the attached resolution is proposed to have the Board of Commissioners set a charge based on 20% of low bid amount for engineering and project administration costs on special assessment subdivision street resurfacing projects conducted by the road department.

INGHAM COUNTY BOARD OF COMMISSIONERS

**RESOLUTION SETTING ENGINEERING CHARGES
ON SPECIAL ASSESSMENT SUBDIVISION STREET RESURFACING PROJECTS**

WHEREAS, Without either a special local millage or special assessment of the benefitting property owners, there is insufficient current road funding to offer complete recycling and resurfacing of subdivision streets for which many are, or will become, in need; and

WHEREAS, Delhi Township uses special assessment to fund major resurfacing of their subdivision streets; and

WHEREAS, Delhi Township has been administering special assessment districts (SAD's) for subdivision street resurfacing in Delhi Township for a number of years as prescribed for townships in Michigan Public Act 188 of 1954, (MCL 41.721 - 41.738) but has recently decided to no longer do this; and

WHEREAS, Michigan Public Act 246 of 1931 as amended (MCL 41.271 - 41.290) provides the means and methods for county road commissions to administer SAD's for road improvement; and

WHEREAS, Per Resolution 12-123, adopted April 24, 2012, the Ingham County Board of Commissioners took over the powers and duties of the former Road Commission, and thus the County Board will need to take over the various Board functions in the SAD process per PA 246 as well; and

WHEREAS, It is necessary to set a charge for engineering services on subdivision SAD projects which would be included in the special assessment as Road department engineering staff capacity may be, or become, insufficient if a number of subdivision SAD projects arise, in which case it may be necessary to outsource engineering on these projects to consulting engineering firms; and

WHEREAS, Although engineering costs typically fall within approximately 20-25% of actual construction costs on most typical road resurfacing project, actual engineering costs can vary considerably, which may create uncertainty in proposing, establishing, and administering SAD resurfacing projects; and

WHEREAS, the Road Department therefore recommends a straight percentage charge, of 20% of low bid amount, for engineering costs, which will be more predictable, consistent, transparent, fairer, and thus typically better received by the residents considering an SAD subdivision street resurfacing project, while also minimizing assessed costs to encourage residents to undertake such projects.

THEREFORE BE IT RESOLVED, that the Ingham County Board of Commissioners approves setting a charge based on 20% of low bid amount for engineering and project administration costs on special assessment subdivision street resurfacing projects conducted by the Road department.

DATE: April 4, 2019

SUBJECT: Resurfacing of Lake Lansing Road from Hagadorn Road to Saginaw Highway, Hagadorn Road from Lake Lansing Road to its northern terminus at Birch Row Drive, and Birch Row Drive from Hart Street to Hagadorn Road project

For the County Services Committee meeting agenda of April 23, 2019
For the Finance Committee meeting agenda of April 24, 2019
For the BOC meeting agenda of April 30, 2019

The Ingham County Road Department has received federal funding to resurface Lake Lansing Road from Hagadorn Road to Saginaw Highway. As part of the same project, we also intend to resurface Hagadorn Road from Lake Lansing Road to its northern terminus at Birch Row Drive and Birch Row Drive from Hart Street to Hagadorn Road, using a combination of Road Department funds and Meridian Township matching funds. A subsequent agreement will be forthcoming to define and secure the Meridian Township matching fund amounts.

The projects were packaged together as a single construction contract because they have similar work and to take advantage of economy of scale benefits. The projects generally involve roadway resurfacing, storm sewer replacement, sidewalk upgrades, and traffic signal replacement. The estimated costs for the project are as follows

Urban Surface Transportation Program:	\$ 676,704
STP-U Local Match:	\$ 284,396
Transportation Alternatives Program:	\$ 159,026
TAP Local Match:	\$ 70,974
ICRD funds for Hagadorn Road & Birch Row	<u>\$ 341,500</u>
	\$ 1,532,600

We are to the point where the available funds have been obligated for construction and contracts can be executed. The contractual responsibilities are as follows: The Michigan Department of Transportation (MDOT) will enter into a contract with the contractor, which basically ensures that all the federal construction requirements and responsibilities are defined. A second party agreement between MDOT and Ingham County is required to define the Road Department's responsibilities and to administer the construction contract on MDOT's behalf.

The reason for this memo and resolution is to execute the MDOT and Ingham County second party agreement.

Approval of the attached resolution is recommended.

WHEREAS, the PROJECT will be undertaken pursuant to a contract between the State of Michigan/MDOT and the contractor; and

WHEREAS, the County on behalf of the Road Department, in turn, must therefore enter into an associated second party agreement with the State of Michigan/MDOT consistent with the requirement for state and federal funding requirements; and

WHEREAS, a subsequent third party agreement will be forthcoming to define and secure the Meridian Township matching funds; and

WHEREAS, the estimated costs for the project is as follows:

	\$ 1,532,600

THEREFORE BE IT RESOLVED, that the Ingham County Board of Commissioners authorizes entering into Contract No. 19-5150 with the State of Michigan/MDOT to effect resurfacing of Lake Lansing Road from Hagadorn Road to Saginaw Highway, Hagadorn Road from Lake Lansing Road to its northern terminus at Birch Row Drive, and Birch Row Drive from Hart Street to Hagadorn Road. All for a total estimated cost of \$1,532,600, which consists of \$159,026 of federal TAP funding, \$452,920 of 2019 federal Urban STP funding, \$223,784 of 2020 federal Urban STP funding, and \$696,870 of Ingham County Road Department and township matching funds.

SUBJECT: Resolution to Amend Personnel Policy No. 107: Special Part-Time, Temporary or Seasonal Employee Sick Leave Policy

BACKGROUND

The Paid Medical Leave Act (PMLA), 2018 PA 369, MCL 408.961 requires public and private employers who employ fifty (50) or more individuals to provide eligible employees with paid medical leave in accordance with its provisions. Ingham County is a public employer subject to the requirements of the PMLA.

Well prior to the enactment of the PMLA, the Ingham County Board of Commissioners approved adoption of Personnel Policy No. 107: Special Part-Time, Temporary or Seasonal Employee Sick Leave Policy in Resolution No. 16-052 on February 23, 2106. Personnel Policy No. 107 provides for paid sick leave to classifications of employees similar to those included by provisions of the PMLA and not covered by a collective bargaining agreement but also differs in some respects from the requirements of the PMLA. Therefore, it is proposed that Personnel Policy No. 107 be amended as noted in the attached resolution.

ALTERNATIVES

None.

FINANCIAL IMPACT

The financial impact associated with the amendment of Personnel Policy No. 107 will depend upon the number and duration of employment of special part-time, temporary or seasonal employees eligible for paid sick leave.

RE: First Quarter 2019 Budget Adjustments, Contingency Fund Update

Enclosed please find the recommended adjustments to the Ingham County budget for the first quarter of fiscal year 2019. The total increase to the General Fund is \$50,523.

The quarterly budget amendment process as authorized by the Board of Commissioners is necessary to make adjustments to the adopted budget. Usually, adjustments are made as a result of updated revenue and expenditure projections, grant revenues, reappropriations, accounting and contractual changes, and general housekeeping issues.

The majority of adjustments this quarter are reappropriations of funds budgeted but not spent in 2018. Some of the larger projects carried over from the 2016, 2017, and 2018 budgets include \$110,097 for the McNamara accessible boat launch, \$80,289 Overlook Shelter Roof Improvements, and \$435,928 for jail chiller replacement and \$209,410 jail locking system, \$159,226 for Circuit Court's courtroom technology replacements with ongoing major imaging/scanning projects, \$380,518 for Circuit Court, \$121,268 Probate Court, and \$236,432 for the Clerk. 9-1-1 Emergency Dispatch requested \$300,000 of 2017 funds for the VESTA 9-1-1 phone system upgrade and \$80,000 training room remodel. The IT department had a number of unfinished projects including \$162,447 for network redesign, and \$160,000, and others that total \$183,397. Also re-appropriated are the majority of the Trails and Parks millage projects approved by Resolutions #16-257, #16-328 and #17-109, #18-110, #18-186, and #18-533. The balance of these projects totals \$9,973,005. A total of \$112,100 in computer replacement budgeted in 2018 are also appropriated to 2019.

In the adopted budget the Animal Control expenses were reduced in the General Fund by \$58,511 but the corresponding revenue to balance from the Animal Control Millage was not adjusted. The Animal Control also requested \$27,613 of unspent operating funds to be carried over for the purchase of a truck. The Remonumentation Grant was increased by \$9,260 resulting in an increase in revenue and expense. The Controller Office requested \$6,650 to cover unexpected expenses for training on the MUNIS system. The Health Department requested reimbursement of \$7,000 for expenses related to the Youth Commission. The use of fund balance uncommitted will be increased to balance these changes.

Circuit Court requested \$17,048 for the purchase of replacement scanners for the Family Support due to the old scanners having difficulty supporting the new version of OnBase.

A vehicle in the Road Department budget has been totaled and replaced by insurance proceeds. Therefore, an increase is being made to both revenue and expense in the Road budget of \$23,500.

Also included is an update of contingency fund spending so far this year. The current contingency amount is \$341,450. The attached document details how the Board has allocated the contingency funds throughout the year, beginning with a balance of \$350,000.

Should you require any additional information or have questions regarding this process, please don't hesitate to contact me.

SUBJECT: Ingham County Strategic Plan
For the meeting agendas of 4/18, 4/22, 4/23 and 4/24

BACKGROUND

Ingham County's current Strategic Plan identifies the vision, values, and goals to guide resource allocation and work planning for the years 2018 through 2022. The plan includes strategies and an action plan (separate document) that specifies activities and tasks required to reach for accomplishing the goals. The strategic plan also includes success measures to evaluate the County's progress toward meeting these goals.

The 2018 – 2022 plan was adopted by the Board of Commissioners in March 2017. The version included here is not changed from the original, with one exception. Last year, the resolution was updated to reflect years 2019-2023. We recommend reverting back to 2018-2022 to give the 5-year plan a specific end date, then at that time the County can review progress and prepare a new 5-year plan if warranted.

ALTERNATIVES

The Board of Commissioners could opt not to make any changes to the 2018 – 2022 plan.

FINANCIAL IMPACT

There is no direct financial impact. However, the goals and strategies included in the Strategic Plan are considered when allocating resources during the annual budget process.

STRATEGIC PLANNING IMPACT

This resolution supports Goal A. Service to Residents: Provide easy access to quality, innovative, cost-effective services that promote well-being and quality of life for the residents of Ingham County. *Strategy 3. Develop a performance-based measurement system for monitoring and reporting County service delivery and outcomes.* Key implementation task f. Develop a performance measurement system to track the success of County services (internal and external), including periodic reporting to the County Board and the public.

OTHER CONSIDERATIONS

Review of the 5- year strategic plan is necessary to ensure that the strategies and goals remain current. An update to the action plan is included for your information.

RECOMMENDATION

I recommend approval of the attached resolution after review by the Board of Commissioners to incorporate any necessary changes.

Background

Ingham County is governed by a 14-member Board of Commissioners elected on a partisan basis for terms of two years from single-member districts that are approximately equal in population.

Introduction

Ingham County's Strategic Plan identifies the vision, values, and goals to guide resource allocation and work planning for the years 2018 through 2022. The plan includes strategies and an action plan (separate document) that specifies activities and tasks required to reach for accomplishing the goals. The strategic plan also includes success measures to evaluate the County's progress toward meeting these goals.

Strategic Planning Process and Workshops

The process for creating Ingham County's Strategic Plan began with individual interviews with Commissioners, department heads, and elected officials. Interviewees shared their perspectives on strengths, weaknesses, opportunities and challenges (SWOC) facing the County. A summary of themes, along with data on current socio-economic trends, was provided as background information for a workshop with elected officials and department heads in January 2016. During the workshop the participants identified draft goals and strategies, which were then shared with Commissioners.

A Strategic Planning Workshop for Commissioners was held in March of 2016. The workshop began with a discussion about the County's vision and mission, followed by discussion and prioritization of the values that provide the foundation for how the County does its work. In addition to discussing the Ingham County vision and values, the Commissioners developed goals and strategies. Together these elements comprise the Ingham County Strategic Plan. A subcommittee of Commissioners met in 2016 and early 2017 to refine this document which was subsequently approved by the Board of Commissioners on March 14, 2017.

Vision and Mission

A vision statement is aspirational. It reflects a desired future for the County.

OUR VISION

Ingham County is a welcoming, inclusive, peaceful, engaged, healthy, and just community for all residents.

A mission defines the purpose of the organization, what it stands for and what it will do, and directs the day-to-day actions of leaders, managers and employees.

OUR MISSION

Ingham County will identify and provide high quality, easily accessible services that its residents value. These services will be delivered by an ethical, well-trained workforce comprised of public servants in the most effective, collaborative way possible.

Values

OUR VALUES

Values guide the actions and behaviors of County leaders and employees in carrying out Ingham County programs, projects and policy development.

While providing County services and doing our work we value:

- ❖ *Quality resident services;*
- ❖ *Accountability and fiscal responsibility;*
- ❖ *Diversity, equity and inclusion;*
- ❖ *Honesty, integrity and ethics; and*
- ❖ *Creativity and innovation.*

Goals and Strategies (2018 – 2022)

A goal is a statement of a specific direction and the desired outcome(s).

A strategy is an action to be taken to achieve a goal.

A success indicator is a quantifiable metric or measurement that is used over time to track progress and outcomes of programs. Success indicators are presented in a companion Implementation Action Plan document that is updated yearly as part of the annual budget process.

The Commissioners developed goals and strategies that address six strategic issue areas:

- ❖ Service to Residents
- ❖ Communication
- ❖ Facilities and Infrastructure
- ❖ Information Technology
- ❖ Management, Finance and Governance
- ❖ Human Resources and Staffing

Each of these six goals encompass many aspects and are interrelated. For example, information technology has an impact on service to residents, as does finance, facilities, infrastructure, communication and staffing. These interrelationships will be addressed as implementation proceeds and spelled out in the implementation action plan.

Overarching County Priorities

SUBJECT: 2020 Update of County Fees

When the Board of Commissioners adopted Resolution #02-155, setting various fees for county services, the Controller's Office was directed to annually review the fees and to recommend adjustments. We have completed our review for fiscal year 2020 consistent with this standing directive and offer a few adjustments for your consideration. This information will appear as a discussion item on the current round of committee meetings. We anticipate presentation of a resolution at the next round of meetings to recommend increases to certain fees. A draft version of the resolution is attached for your review and consideration.

Attached spreadsheets provide details of recommended fee adjustments to be effective for the Health Department and the Friend of the Court on October 1, 2019, park annual, and zoo winter seasonal fees on October 1, 2019, and for all other departments on January 1, 2020. As noted in the fee schedule, seasonal fees will continue through March 31, 2020.

The first attachment (Attachment A) offers analysis of proposed fees for 2020. The annual average United States' consumer price index was used to do the calculation. This rate of 2.4% was also used by the State of Michigan for the inflation rate multiplier.

The following information is included for each fee:

1. Location of Service
2. Fee Description
3. The 2019 cost as calculated in last year's fee update process.
4. The 2020 cost, which was calculated by multiplying the 2019 cost by the consumer price index.
5. As identified by the Board of Commissioners, the target percent was determined by the percentage of cost to be recovered by the fee for service. The target percent for each fee was initially passed by Resolution #02-155. For other fees added after the passage of Resolution #02-155, in most cases, it was assumed that the fee as passed is charged at the appropriate cost with a target recovery of 100%.
6. The 2020 calculated fee is based on the 2019 cost multiplied by the target percent.

7. Although many fees were proposed to remain unchanged in 2020, the initial proposed fees were determined by rounding down the calculated fee to the full dollar amount and, in the case of some larger fees, rounded to the lower \$5 or \$10 increment. In some cases the cost multiplied by the target percent is much greater than the current fee, so only an incremental increase was proposed in anticipation of further upward adjustments over several years. Fees that are proposed to increase are presented in **bold type**.
8. Units. This variable was used to calculate anticipated revenue generated by a proposed fee. Initial information was provided in the Maximus study, and in some cases has been updated by the departments.
9. Department/Controller Recommendation. Department heads agreed with the initial proposed fees in most cases. Where there was disagreement, the department head was asked to provide supporting information such as a memorandum of explanation. In all cases, the Controller agreed with recommendations of the department head as follows:
 - a. CS: The Clerk's Office would like to maintain the 2019 rates for most of their fees in 2020. The Clerk indicated that small incremental changes would delay check out for customers and compared to other counties they already charge on the high end. However, Lines 1 and 5, Clerk Byrum recommends adopting these fee increases as they are a better reflection of the actual cost of performing these tasks (e.g., employee costs, record storage costs, technology costs).
 - b. CS: The Equalization Department agrees with some fees: Lines 50-62, Paper Copies – The fees remain the same as 2019, as they feel the fees are way too high already. Lines 64-88 – Fees we have been collecting that were just not on our list in the past. ***Note: Revenues appear to be increasing; however, these fees have always been collected they were just not put on the list in past years (Lines 67-88).**
 - c. CS: The Zoo Lines 90, 92, and 93, Resident Daily and Resident/Nonresident Annual Parking; they would like to keep the same as 2019 to keep the same costs as parking as the Parks Department. Line 99, Non-Resident Senior – They would like to keep it the same so that the senior rate is a \$2.00 discount off the adult admission. Line 102-103, All Adults and Children (November-March) – The cost to run the zoo in the winter is much higher so they would like to increase the fee and increase the target % to 35% to cover the additional costs. Line 105, School Groups & Charitable Organizations Any Shelter - They want to defer this cost increase until it is raised by \$5.00 to \$30.00.
 - d. CS: The Register of Deeds would like to keep fees the same for 2020 as they are set by the vendor and they feel they are already on the high side.
 - e. HS: The Health Department agrees with most fees except the following: Environmental Health – Line 39 fee is set by the State. New Fees: Lines 56 and 69 Environmental Health fees based upon one hour of staff at \$100.00 per hour on both fees.

- f. HS: The Parks Department agrees with some of the proposed fees with the following exceptions: Lines 102 and 104, Resident and Non-Resident Annual Fee – a one-dollar increase creates inefficiencies at the park entrances and they want to stay consistent with the Zoo. Line 188, Season Pass Disc Golf – They don't agree with fee increase because they are the only course in the area that charges. Line 172-176, Dog Park Passes – They have already printed signs, applications, website, brochures, etc. too costly to reprint for increases so small. Line 185, Snow Tube Hill – They changed the fee from \$100.00 to \$300.00 last year so they would like to not increase just yet. Line 198 -PA, Chairs or Music Stands – Too small of an increase to reprint signs and documents. Line 199, Snow Shoe Rental Adult – Added last year and haven't had much interest so they are thinking they started out with too high of charge so they want to reduce it.
 - g. HS – The Fair is now part of the County fee process for the first time. The Interim Fair Manager has met with the Fair Board regarding our proposed fees and they agree with all of the fees as we suggest.
 - h. L&C: Animal Control agrees on increasing some of the fees with a few exceptions as follows: Lines 1-15, 21-22, and 24 – Enforcement/Adoption - They feel these increases are costly for reprinting and literature, confusing to the public, and the fees are already on the high end.
 - i. L&C: The District Court does not recommend any fee increase for 2020.
 - j. L&C: The Sheriff agrees with all fees recommended with the exception of one change as follows: Line 36 Day Jail Rate – As discussed with the Law & Courts Committee at a recent meeting the fee will now be \$8.00 per day. This will be much easier to collect than the high fees.
 - k. L&C: The Circuit Court Family Division recommends all fee increases with a few changes as follows: Lines 61-63- Truancy/Residential Placement/Youth Center Costs – They have been charging these fees that just were not on list for some reason. Line 67 – Tether- This is the same tether that has been on the fee schedule; it was just noticed that the rate is based on the sliding scale and not a set cost.
 - l. L&C: The Friend of the Court does not want to increase the bench warrant fee in Line 70. This fee has been increased over the years and these fees are very difficult to collect and have a very high outstanding balance.
10. Additional revenue is projected from the department head/Controller recommended increase in fees multiplied by the units.

A summary of proposed fee increases for 2020 is presented in the final spreadsheet (Attachment B). The spreadsheet simply lists the 2019 fee, department head and Controller recommendations, and projected revenue for each fee where an increase was proposed.

Fee increases recommended by the Controller's Office would generate approximately \$315,912 (which doesn't include Equalization Lines 67-88 as reference above) in additional revenue in 2020.

Introduced by the Finance Committee of the:

INGHAM COUNTY BOARD OF COMMISSIONERS

RESOLUTION UPDATING VARIOUS FEES FOR COUNTY SERVICES

WHEREAS, the Board of Commissioners set various fees for county services in Resolution #02-155 based on information and recommendations of the *Maximus Cost of Services Analysis* completed in 2002; and

WHEREAS, the Board of Commissioners also established the percent of the cost of providing the services which should be recovered by such fees, referred to in this process as a “target percent”; and

WHEREAS, the Board of Commissioners has directed the Controller’s Office to establish a process for the annual review of these fees and target percents; and

WHEREAS, the annual average United States’ consumer price index was used as the cost increase factor; and

WHEREAS, this cost increase factor is applied to the previous year’s calculated cost and multiplied by the target percent and in most cases rounded to the lower full dollar amount in order to arrive at a preliminary recommended fee for the upcoming year; and

WHEREAS, in cases where the calculated cost multiplied by target percent is much higher than the current fee, the fee will be recommended to increase gradually each year until the full cost multiplied by target percent is reached, in order to avoid any drastic increases in fees; and

WHEREAS, in cases where the calculated cost multiplied by target percent is lower than the current fee, no fee increase will be recommended for that year; and

WHEREAS, after initial recommendations are made by the Controller, these recommendations are distributed to the affected offices and departments, in order to receive their input; and

WHEREAS, after reviewing the input from the affected offices and departments, the Controller makes final recommendations to the Board of Commissioners; and

WHEREAS, the Controller’s Office has finished its annual review of these fees and recommended increases where appropriate based on increased costs of providing services supported by these fees and the percent of the cost of providing the services which should be covered by such fees as established by the Board of Commissioners; and

WHEREAS, the Board of Commissioners has reviewed the Controller’s recommendations including the target percentages, along with recommendations of the various county offices, departments, and staff.

THEREFORE BE IT RESOLVED, that the Board of Commissioners authorizes or encourages the following fee increases in the Attachments at the rates established effective January 1, 2020 with the exception of the Health Department and Friend of the Court, where new rates will be effective October 1, 2019, the Park and Zoo winter seasonal fees and the Park Annual Passes which will be effective starting November 1, 2019.

BE IT FURTHER RESOLVED, that the fees within major Health Department services are not included on the attachments and were not set by the policy above, but rather through policy established in Resolutions #05-166 and #05-242.
