g. Jail Medical update (*Discussion*)

Linda Vail, Health Officer, stated that she understood in terms of Jail Medical discussion was related to the conversion of the Jail Medical Nurse. She further stated that what she understood the Human Services Committee requested was a salary market-study.

Commissioner Koenig arrived at 6:33 p.m.

Ms. Vail stated that when the Health Department attempted to do that in the State of Michigan, she learned that most of the counties had Jail Health operated by contracted providers. She further stated that, essentially, the contracted providers did not release that information.

Ms. Vail stated that when the Health Department conducted the study across the State of Michigan, with some comparable counties, they got one number, which was not a market analysis. She further stated that the rest of counties said they could not release that information.

Ms. Vail stated that what the Health Department did was research online, looking at the average salary for a Jail Medical Nurse. She further stated that she found some national studies that said the average salary was about \$71,000 to \$72,000 in the State of Michigan, and that salary was the top-end.

Ms. Vail stated that the State of Michigan lagged behind other states, and so the Health Department researched the average salary across the United States to find other places where they were hiring a Jail Medical Nurse. She further stated that one of the results was Johnson County, Iowa, and found those numbers to be consistent with the top-end figure.

Ms. Vail stated that when the Health Department did the reclassification of the Jail Medical Nurse position, and it landed in ICEA County Pro Grade 8, she thought that rather than doing a market exception, the removal of the Jail Medical Nurse salary band, which was separate from all of the ICEA salary bands, and placing the Jail Medical Nurse position in the ICEA County Pro Grade 8 band was a great first step. She further stated that this allowed the Health Department to see if it accomplished the desired outcome.

Ms. Vail stated that the Health Department was using the best science to make decisions in light of the fact that comparable counties in the State of Michigan would not release that information, with the exception of Kalamazoo County, and they paid Jail Medical Nurses a lower salary than Ingham County. She further stated that the ICEA County Pro Grade 8 salary range was consistent with the information she found online and across the United States.

Ms. Vail stated that Johnson County was smaller than Ingham County, and they paid Jail Medical Nurses a higher salary, and so she thought that Ingham County should come closer to their salary. She further stated that the Health Department would find out if the ICEA County Pro Grade 8 salary band allowed them to recruit and retain employees, and if they were unsuccessful, she would quickly be in front of the Human Services Committee for a market exception.

Ms. Vail stated that this was a good place to start, it was a significant salary increase for the Jail Medical Nurses, and it would be a good recruiting tool for the Health Department. She further stated that she knew the Human Services Committee had asked for a market analysis, but the Health Department fell short of that when doing a market-study across the State of Michigan.

Chairperson Trubac thanked Ms. Vail for coming before the Human Services Committee.

### 3. <u>Health Department</u>

h. Resolution to Convert Jail Medical Nurse Positions ICEA County Pro Jail Nurse Scale to ICEA County Pro Grade 8

MOVED BY COMM. TENNIS, SUPPORTED BY COMM. NAEYAERT, TO APPROVE THE AGENDA ITEM.

THE MOTION CARRIED UNANIMOUSLY. Absent: Commissioner Morgan.

#### 3. Health Department

1. Coronavirus Update

Ms. Vail stated that COVID-19, or the coronavirus, changed every hour. She further stated that the Human Services Committee should expect the Governor of Michigan to announce an additional case in Ingham County.

Commissioner Stivers stated so two cases in Ingham County in total.

Ms. Vail stated yes. She further stated that there was lots of testing being done, with some going through the Health Department, but at the point that the testing shifted to where the hospitals or doctors could order the tests, she was not sure how many tests were being done.

Ms. Vail stated that what the Health Department would know was when the tests were positive. She further stated that she was trying to work with her partners to give the Health Department the number of people were being tested, to have a better idea of surveillance about what was going on.

Ms. Vail stated that, before students from Michigan State University even went on spring break, the Health Department came together with people from the City of East Lansing, both health systems, and Michigan State University to meet and form a COVID-19 team. She further stated that the District 1 Regional Medical Response Coalition and Medical Director Don Edwards also served on the COVID-19 team.

Ms. Vail stated that she had requested the Equal Opportunity Committee (EOC) to be partially activated to support their work. She further stated that her team did not have time to handle the logistical part of the response, including the possibility of quarantine facilities, in addition to the day-to-day tasks that her team was required to do.

Ms. Vail stated that the biggest concern with a quarantine site had to do more with the homeless population. She further stated that the best place for people to quarantine or isolate was in their own homes.

Ms. Vail stated that there would be a meeting at the EOC on Wednesday, March 18 to talk about the locations of quarantine facilities, and while the team had a few ideas, she did not want to make that information public as she was unsure who or who would not agree. She further stated that, as the Commissioners imagined, not the easiest thing to ask a local hotel for rooms to quarantine people for COVID-19.

Ms. Vail stated that she was having problems with McLaren over a number of issues, for example patients not being treated for COVID-19 being released from McLaren back to The Willows but The Willows would not let them back inside. She further stated that issues similar to that came up constantly.

Ms. Vail stated that the Health Department staff was working hard, in particular the Disease Control Nurses, who were the people responsible for all of the contact information. She further stated that she was probably going to bring in some temporary workers to help, but the problem was that what the Disease Control Nurses do was very technical and required specific knowledge.

#### Discussion.

Ms. Vail stated that she had continued to ask her staff what they needed. She further stated Jared Cypher, interim County Controller, had offered her anything she needed, including the support of people in other departments.

Ms. Vail stated that the Health Department was trying to get a handle on what was needed. She further stated that she had activated the incident command system structure and assigned people roles, according to the Federal Emergency Management Agency (FEMA).

Ms. Vail stated that her team had set aside 9:30 a.m. to have hour-long meetings, and have had a meeting every day since it was created, to deal with the issues that arose. She further stated that people had roles, including logistics, planning, operations, a liaison to their partners, and an Information Officer, so that it was easy to sit in those meetings and identify the issues.

#### Discussion.

Ms. Vail stated that the Commissioners were knowledgeable of the governor's actions and what had occurred this past weekend, as the Health Department tried to respond to what was going on in one of the local cities. She further stated that she appreciated the Commissioners' support as they dealt with that issue.

Ms. Vail stated that she connected the local city to the Michigan Attorney General's Office and the Governor of Michigan's Office, and she believed that they fell flat on that. She further stated that guidelines that required a maximum capacity of 250 people was not one-size-fits all, and for example, if there was a bar with a capacity of 800 people, that would be a drastic decrease, but that did not include places that had a maximum capacity below 250 people.

Ms. Vail stated that the guidelines did not accomplish what it needed to accomplish, but she did not fault the governor. She further stated that all officials were making decisions as rapidly as possible to do the best that can be done, which was why that order came out yesterday that capped everyone at 50 percent.

Ms. Vail stated that she had proposed going to a percent of maximum capacity, according to Fire Code. She further stated that Oakland County had proposed 50 percent, so she thought that Ingham County should be consistent.

Ms. Vail stated that that order remained in place, but seemed a bit moot in light of the governor's announcement. She further stated that she would keep the order in place in case someone lost sight of what needed to be addressed.

Ms. Vail stated that it was only food establishments, and they were all handled, except for the cafeterias at Michigan State University because they were required to stay open to serve students. She further stated that many students had not left Michigan State University, so that order remained in place to keep them at 50 percent capacity.

Ms. Vail stated that she was trying to best to combat bad stories and to thwart misinformation. She further stated that when people took number of deaths and divided it by the number of cases, that was faulty mathematics, and when scientists knew that someone was asymptomatic and did not require medical attention, they knew how to extract that information to determine the correct numbers.

#### Discussion.

Ms. Vail stated that she respected Dr. Anthony Fauci, Director of the National Institute of Allergy and Infectious Diseases, and he had determined that 1 percent of people would likely be affected.

#### Discussion.

Ms. Vail stated that it would be ten-times more impactful than a flu season, which was a lot of people, but they need not panic. She further stated that the measures being taken were about getting ahead of what was going on to prevent it from getting worse.

Ms. Vail stated that she read somewhere that if a person went home and quarantined themselves for 14 days and nothing happened, that was the point. She further stated that as extreme as these measures seemed, it would help the healthcare system to have the capacity to keep people alive.

Ms. Vail explained two graphics to the Human Services Committee, one that misinformed the public and one that her team created that was more accurate.

Ms. Vail stated that people needed to be careful about attempting to correct misinformation to calm the public and the County employees. She further stated that COVID-19 was coming, and that there were probably more cases in the State of Michigan than what had already been announced, which was not all bad.

Ms. Vail stated that testing for COVID-19 was not about clinical care because there was no vaccine, no cure, and no specific treatment, but to care for the symptoms. She further stated that testing was about public care, and she was not sure if the United States would reach a point where so many people contracted the virus that testing was useless.

Ms. Vail stated that a vast majority of people who were infected by the virus would have mild symptoms and would recover. She further stated that a smaller percentage of those people would have more serious symptoms and would be hospitalized, and a smaller percentage of that, people would die.

Ms. Vail stated that it was a massive shift in the world, but it was the right thing to do. She further stated that, personally, she did not think the United States was as behind as people have said, and no matter if the federal government attempted to downplay the seriousness of the virus, every state had Health Departments and every County had local Health Officers.

Ms. Vail stated that the Health Department knew that COVID-19 would be serious and worse than the flu, and that people would be quarantined and isolated.

Commissioner Koenig asked Ms. Vail when testing was being done, and what triggered a test versus a physician or hospital visit.

Ms. Vail stated that what triggered testing being done was matching the case definition of having the right set of symptoms. She further stated that if a physician determined that a person had the right set of symptoms, they could send a specimen to be tested.

Ms. Vail stated that the testing was no longer being funneled through the Health Department.

Commissioner Koenig asked how testing was being handled.

Ms. Vail stated that tests were being sent to private laboratories. She further stated that there was lots of testing being done, including through Quest and LabCorp.

Ms. Vail stated that there were some tests that went through the Health Department to the Bureau of Laboratories, and originally, that was where all tests were being tested. She further stated that, thankfully, the private laboratories were beginning to test.

Ms. Vail stated that she heard the governor and Dr. Joneigh S. Khaldun, Chief Medical Executive for the Michigan Department of Health and Human Services, talking last night about a point in time where they may need to test the most serious or test everyone. She further stated that people did not like this answer, but if a person had a cold or the flu, they should stay home and take care of themselves because COVID-19 could be treated in a similar manner.

#### Discussion.

Ms. Vail stated that if a person had symptoms that became serious, they needed to seek care. She further stated that the urgent cares at hospitals are asking people to call ahead of a visit, including call them from the parking lot.

Ms. Vail stated that symptoms were the diagnostic criteria for submitting tests, and since physicians could do rapid flu tests in their office, they would do a flu test on a person first, and if the test came back negative, they would send it to be tested for COVID-19. She further stated that co-infection with the flu and COVID-19 was practically non-existent.

Commissioner Koenig asked if one of the symptoms was a temperature of 103°F.

Ms. Vail stated that, basically, shortness of breath or being unable to breathe, unable to drink water or eat food, and a high-fever that lasted for a long period of time that could not be managed through over-the-counter medicine.

Discussion.

Commissioner Slaughter asked Ms. Vail about the impact of COVID-19 on the homeless population in Ingham County.

Ms. Vail stated that, right now, people who were homeless should stay in place. She further stated that people who were homeless should be doing the best they can to distance themselves from people, as was being recommended.

Ms. Vail stated that what the Health Department was working on as quickly as possible was a place to quarantine. She further stated that quarantine meant that a person was exposed and it had been documented, and as long as the person stayed asymptomatic for 14 days, they would be done.

Ms. Vail stated that isolation was for the sick, and isolation could occur at home. She further stated that not everyone in isolation was at a hospital, and as for a person who was homeless who was sick from COVID-19, which had not happened yet, the Health Department would need to find a place for the person to isolate.

Ms. Vail stated that the City of Lansing had used vouchers for different hotels, but those were private businesses. She further stated that the likelihood the hotels would let the Health Department put COVID-19 patients in their rooms was not great, so she would be working through that to find a solution.

Discussion.

Ms. Vail stated that she had a number of places under consideration and would put some pressure on their community partners that had to be part of the solution with the Health Department. She further stated that once a quarantine or isolation location was found, she would need the Red Cross to help get people food and other items, being a part of the EOC.

Commissioner Stivers thanked Ms. Vail for her leadership. She asked if Ms. Vail could offer a public relations incentive to hotels to be a leader that saved people's lives.

Ms. Vail stated that was a possibility. She further stated that, with decreases in travel, she might find that hotels could very well use people occupying their rooms.

Discussion.

Commissioner Tennis asked Ms. Vail when it came to cooperation, with either the Red Cross or the state or federal governments, who was taking the lead in making decisions.

Ms. Vail stated that it was the Health Department. She further stated that it was a Public Health Emergency.

Commissioner Tennis stated that he understood.

Ms. Vail stated that she told the EOC that she did not have the time to find a quarantine or isolation location, and so she needed them to do that. She further stated that she had to deal with how those people get good or medications, and her team could not do all of that.

#### Discussion.

Ms. Vail stated that she had a team of people who were working a lot of long hours. She further stated that her leadership team, her 3 Deputy Health Officers, herself, and her Medical Director, had decided to be at the Health Department one day a week because the office needed leadership.

Discussion.

Commissioner Trubac stated he was content with her answer, and he wanted to hear that it was her call.

Ms. Vail stated that it was her call with her COVID-19 partners, as they looked to her for guidance. She further stated that she had an amazing partnership with the Sheriff's Department, and had been in-touch with them over issues of enforcement of the orders.

Discussion.

Ms. Vail stated that the Public Health Code gave the Health Officer the complete authority to enforce the code as appointed by the State of Michigan.

Chairperson Trubac thanked Ms. Vail for all of her work.

Discussion.

Chairperson Trubac asked Ms. Vail if she had any sense if people were taking this serious in the public.

Ms. Vail stated that it was not just bars, it was restaurants, cafes, coffee houses, taverns, brewpubs, distilleries, indoor and outdoor performance venues, gymnasiums, fitness centers, recreation centers, indoor sports facilities, indoor exercise facilities, exercise studios, spas, and casinos. She further stated that the Executive Order was not posted online, so depending on the news source, there was better coverage of the order than others.

Discussion.

Chairperson Trubac stated that he had seen some conflicting information in the news on what role asymptomatic transmission was playing in this issue. He asked Ms. Vail she had any professional opinion on that topic.

Ms. Vail stated that there were people who were asymptomatic. She further stated that because people were asymptomatic, people did not know they carried COVID-19 and had the potential to transmit the virus. She further stated that she was concerned with young people and their crowding of the bars.

Ms. Vail stated that it was not affecting young people like it was elderly people, but if a young person who was asymptomatic goes home and visits their parents who had high-blood pressure, the person was not helping the Health Department protect the vulnerable.

Chairperson Trubac asked Ms. Vail, for young people who might be terrified of transmitting COVID-19 to their parents or grandparents, what were ways that COVID-19 could be transmitted.

Ms. Vail stated that, for example, if she touched her face and then touched a surface, and then an older person touched the surface and then touched their face, which was a primary way that could happen. She further stated that the Health Department did not have good idea of asymptomatic because you would have to conduct studies.

Ms. Vail stated that, at this time, the County was having the worst flu season in terms of pediatric cases that the County had had for a number of years. She further stated that there were a lot of pediatric hospitalizations, including 8 deaths announced the day before.

Commissioner Stivers asked if those numbers were nationwide or statewide.

Ms. Vail stated that it was nationwide. She further stated that one of her message points on that topic was that people were being hyper-diligent about the need to wash their hands, and if people had listened during flu season, those children would not have died.

Discussion.

Ms. Vail stated that she had a request of the Human Services Committee that she was on a timeline to present to the Commissioners a Health in All Policies (HiAP) implementation plan by

May 18<sup>th</sup>. She requested if the Health Department could put a pause on that or propose a different deadline.

Ms. Vail stated that she did not have time to be the expert leading Department Heads and helping the interim County Controller to do that.

Jared Cypher, interim County Controller, stated that he also did not have time.

Ms. Vail stated that May 18<sup>th</sup> was the deadline that was put into the resolution, so she was not sure if the Commissioners needed to amend the resolution.

Commissioner Koenig stated that she believed all of the Commissioners could agree with Ms. Vail.

Discussion.

Ms. Vail stated that she would be at the Joint Caucus meeting on Tuesday, March 24<sup>th</sup>.

Discussion.

MOVED BY COMM. KOENIG, SUPPORTED BY COMM. STIVERS, TO TEMPORARILY SUSPEND THE HEALTH IN ALL POLICIES MAY 18, 2020 DEADLINE.

THE MOTION CARRIED UNANIMOUSLY. Absent: Commissioner Morgan.

Discussion.

Mr. Cypher stated that he had talked to the Sheriff's Department and offered the arena at the Fairgrounds as a potential quarantine or isolation site.

Ms. Vail stated that people needed to consider that people need bathrooms, showers, soap and water, and other basic amenities.

Commissioner Koenig stated that the arena did have showers and a place to cook food.

Discussion.

Ms. Vail asked to let the EOC know about the possibility of the arena.

Ms. Vail stated that the County had suspended operations, and there were people who were at home getting paid, while she had people who were working at the County. She further stated that, when this was over, the County would need to do something about the people were putting in countless hours during a time when operations had been suspended.

Ms. Vail stated that it might be a matter of putting hours into a leave bank, but people could be capped-out. She further stated that she would ask the Commissioners to consider that she was going to have a lot of employees who would be worn-out and frazzled if they did not deal with that issue.

Chairperson Trubac thanked Ms. Vail for coming before the Human Services Committee.

#### **Public Comment**

Marion Owen, Tri-County Office on Aging (TCOA), stated that her office had prepared for the COVID-19 virus. She further stated that her office had closed all of the dining-sites, and there were 12 in Ingham County.

Ms. Owen stated that she was contacting the people who went to the site, and would deliver those people meals as they could. She further stated that, as a result, her office was delivering 5 frozen meals in shifts.

Ms. Owen stated that her office might need to resort contracting with the national meal service program called Moms Meals because there were so many frozen meals on-site. She further stated that, twice a year, clients were delivered emergency meals.

Ms. Owen stated that people had been wanting to volunteer, and for the volunteers who were not delivering meals, those people would be doing wellness checks on the clients. She further stated that for the community-based long-term care services for people eligible for nursing homes, but had chosen to remain in their homes, volunteers were calling those people daily.

Ms. Owen stated that her office had postponed assessments and adding clients to the MI-Choice program, and reassessments until further notice. She further stated that people in her office were not entering adult foster care homes, and had transitioned several people out.

Ms. Owen stated that their care managers were telecommunicating, including nurses and social workers. She further stated that there was a crisis line that was available 24 hours a day/365 days a year, and it was on their recording on their phone service.

Ms. Owen stated that she was waiting to hear back from the State of Michigan in terms of giving the office more flexibility some of the rules and standards. She further stated that she had 5 clients who were on ventilators and the office were keeping in touch with those people.

Ms. Owen stated that, if the caregivers become ill, her office would look into transitioning those people into adult foster care homes. She further stated that the access services information systems would continue to be available, but that did not include the tax system as the AARP stopped that service over the weekend.

Ms. Owen stated that her office had essential staff who were available, and had over 160 providers, so her office could do a lot of their work through their database. She further stated that her office would be putting out a press release and asking neighbors to check on older adults.

Commissioner Koenig asked Ms. Owen what the focus of the press release was.

Ms. Owen stated that it was to let people know about the senior dine-sites and to reassure people.

Commissioner Koenig asked Ms. Owen if she had updated their website.

Ms. Owen stated that there were some things already on the website.

#### Announcements

Mr. Cypher stated that he wanted to remind everyone that the County implemented the Suspension of County Operations policy, effective March 17, 2020 to April 5, 2020. He further stated that there were departments, including the Health Department and the Sheriff's Department, would have people at work.

Mr. Cypher stated that people were needed to support them with certain essential services, from the Purchasing Department, IT Department, and Financial Services Department. He further stated that it was not only about employee safety, but it was about public safety by not allowing people into the building unless it was necessary.

Mr. Cypher stated that there was a Late Agenda item at the County Services Committee meeting tomorrow night, which was the Health Administrative Leave Policy, which would give extra hours to County employees if they were sick or needed to take care of a child or elderly person, and were trying to be as employee friendly as possible.

Mr. Cypher stated that between tonight and tomorrow, the County would make sure that the Health Administrative Leave Policy and the Suspension of County Operations would not be contradictory. He further stated that the County was making decisions very quickly, and had the potential to be messy, but would address those concerns as they moved forward.

Commissioner Stivers stated that at Community Mental Health (CMH), all of the 24-hour services would remain available, with screening protocols at entry points per the governor's orders. She further stated that every clinic would continue to provide direct service on-site and in the homes for people who were highest atrisk.

Commissioner Stivers stated that CMH had transitioned much of the work force as possible, with clinical staff working remotely and maintaining contact with their clients via telephone, telehealth, and on-site if needed. She further stated that CMH was working with employees who had children at home instead of school.

#### Discussion.

Chairperson Trubac stated that, to all of the Commissioners, their leadership in their respected communities was extremely valuable and thanked them for being there.

#### Adjournment

The meeting was adjourned at 7:32 p.m.

## MAY 4, 2020 HUMAN SERVICES AGENDA STAFF REVIEW SUMMARY

#### **ACTION ITEMS:**

#### The Interim Controller/Administrator is recommending approval of the following resolutions

1. <u>Treasurer</u> - Resolution Authorizing a Transfer from the Ingham County Delinquent Tax Revolving Fund to the Ingham County General Fund to Support the Greater Lansing Food Bank

This resolution authorizes a transfer of \$100,000 from the delinquent tax revolving fund to the general fund for the purpose of supporting a contract with the Greater Lansing Food Bank for nutritional services to Ingham County residents. A similar resolution has been proposed and is up for discussion by the Eaton County Board of Commissioners, each county could earmark their funds for use within their counties.

#### 2. <u>Parks Department</u>

a. Resolution to Authorize an Amendment to the Contract with Johnson Sign Company for Wayfinding Sign Installation

This resolution authorizes an amendment to the contract with Johnson Sign Company to allow payment of the project of up to the 60% of the completed project cost which is \$39,234. The resolution also authorizes an amendment to the contract with Johnson Sign Company to extend the term until September 1, 2020 because of delays due to the coronavirus crisis.

b. Resolution to Authorize an Amendment to the Contract with Brock & Associates Inc. for a New Dock at Lake Lansing South Park

This resolution authorizes an extension to a contract with Brock & Associates Inc. for the purpose of making accessible improvements to Lake Lansing South Park. Originally, the contract was set to expire June 1. However the project was delayed due to the coronavirus crisis, so the new expiration date is September 1, 2020.

3. <u>Veterans Affairs</u> - Resolution to Authorize the Ingham County Department of Veteran Affairs to Accept a 2020 County Veteran Service Grant in the Amount of \$102,074.07

This resolution authorizes the acceptance of a County Veterans Service Grant from the state of Michigan in the amount of \$102,074.07 for Ingham County. Funds from this grant will be spent on enhanced technology, marketing, and other services within the Veterans Affairs office.

4. <u>Health Department</u> – Resolution to Authorize an Amendment to the Contract with the Ionia County Health Department for Medical Direction and Program Consultant

This resolution authorizes an agreement for Medical Direction and Consultation between ICHD and Ionia County Health Department for the term of July 1, 2020 through June 30, 2023. Under this agreement Ionia County will pay to Ingham County an annual rate of \$64,620 for services ending June 30, 2021; an increase of 2% to an annual rate of \$65,912 for services ending June 30, 2022; and an increase of 2% to an annual rate of \$67,230 for services on June 30, 2023.

5. <u>Health Services Millage</u> – Resolution Authorizing a Contract Extension with Malannoye Consulting, LLC to Review Member Eligibility and Expenses Relative to the Health Services Millage Contracts with Ingham Health Plan Corporation

This resolution authorizes a contract extension with MaLannoye Consulting, LLC to review IHPC invoices and determine that IHPC members that the County is billed for are millage eligible, and to determine that the services the County is billed for are within the scope of the contract. The contract will be extended through September 30, 2020 in an additional amount not exceed \$3,500 from the Health Services Millage. At a future meeting of the Human Services Committee a discussion should be had about the necessity of continuing this contract.

a. Resolution Authorizing Adjustments to the 2020 Ingham County Budget

This resolution recommended adjustments to the Ingham County budget for the first quarter of fiscal year 2020. The total increase to the General Fund is \$97,189. The majority of adjustments this quarter are reappropriations of funds budgeted but not spent in 2019, including the majority of the Trails and Parks millage projects approved by Resolutions #16-257, #16-328, #17-109, #18-110, #18-186, #18-533, #19-047, #19-215, #19-284 and #19-504. The balance of these projects totals \$9,272,041. In the General Fund, \$50,000 increase to transfer to the DHHS Foster Care Fund is being requested to cover cost not covered by State of Michigan funds.

# RESOLUTION AUTHORIZING A TRANSFER FROM THE INGHAM COUNTY DELINQUENT TAX REVOLVING FUND TO THE INGHAM COUNTY GENERAL FUND TO SUPPORT THE GREATER LANSING FOOD BANK

WHEREAS, the COVID-19 pandemic has caused historic levels of unemployment and emergency food needs that will persist throughout 2020; and

WHEREAS, the Greater Lansing Food Bank (the "GLFB") provides food to our citizens and supports broad local food security efforts in Ingham County; and

WHEREAS, Section 87b(7) of Act No. 206, Michigan Public Acts of 1893, as amended ("Act 206") authorizes the Ingham County Board of Commissioners to transfer to the County General Fund any surplus in the Delinquent Tax Revolving Fund (the "DTRF") by appropriate action of the Board; and

WHEREAS, the Ingham County Treasurer has reviewed the amounts which are currently available in the DTRF and has determined that \$100,000 may be transferred to the General Fund as of April 30, 2020; and

WHEREAS, Ingham County Treasurer hereby declares that a surplus of at least \$100,000 exists in the DTRF.

THEREFORE BE IT RESOLVED, that the Ingham County Board of Commissioners authorizes a transfer not to exceed \$100,000 from the DTRF to the General Fund for support of the GLFB.

BE IT FURTHER RESOLVED, that the purpose of this transfer is to help ensure resources at the GLFB for nutritional programs within the County, for the benefit of Ingham County residents including seniors and children.

BE IT FURTHER RESOLVED, that a contract is authorized with GLFB, in an amount not to exceed \$100,000 effective upon the date of execution through December 31, 2020.

BE IT FURTHER RESOLVED, that the Chairperson of the Board of Commissioners and County Clerk are hereby authorized to sign any necessary contract documents after approval as to form by the County Attorney.

**SUBJECT:** Amendment to the Contract with Johnson Sign Company

For the meeting agenda of 5/4/20 Human Services and 5/6/20 Finance

#### **BACKGROUND**

Board of Commissioners Resolution 19-123 authorized a contract with Signs by Crannie for designing and fabricating custom wayfinding signs for the Trail Wayfinding Signage project. Board of Commissioners Resolution #19-283 authorized a contract with Johnson Sign Company to install 307 custom wayfinding signs. This resolution authorized a total payment for the amount of \$65,390.00 with an additional 10% contingency of \$6,539 for a total of \$71,929.00. The total amount of project cost was contracted to be paid at the completion of the project.

Initially Johnson Sign Company did not request the normal 50% up front of the total project cost due to the projected short timeline of the project. Due to weather and now the COVID-19 pandemic the project was delayed and now halted. Johnson Sign Company has requested to receive the percentage of the project cost, not including the contingency amount, that has been completed which is 60% or approximately \$39,234.

The contract needs to be extended to complete the project due to a delay in the project due to COVID-19. We are asking the contract be extended to September 1, 2020.

**DATE:** April 20<sup>th</sup>, 2020

SUBJECT: Authorization to Amend Medical Direction and Consultation Agreement for Ionia County

for the meeting agendas of May 4th, 2020 & May 6th, 2020

#### **BACKGROUND**

Ingham County Health Department (ICHD) wishes to amend the agreement with Ionia County Health Department for providing medical directions and consultation for Ionia effective July 1, 2020 through June 20, 2023. Since the mid-1980's, ICHD has provided Medical Direction and Consultation to the Ionia County Health Department. The current agreement will expire on June 30, 2020. This is a recommendation to authorize an amendment to extend that relationship through June 20, 2023 with annual increases in compensation.

#### **ALTERNATIVES**

Not provide medical direction and consultation services for Ionia County

#### FINANCIAL IMPACT

Through the current agreement ending June 30, 2020, Ionia County is paying ICHD \$57,416 on an annualized basis, for services provided. This compensation represents about 20% of the cost of supporting one full time physician. With the new agreement the annual rate will be \$64,620 for services ending June 30, 2021; an increase of 2% to an annual rate of \$65,912 for services ending June 30, 2022; and an increase of 2% to an annual rate of \$67,230 for services on June 30, 2023

#### STRATEGIC PLANNING IMPACT

This resolution supports the overarching long-term objective of Promoting Accessible Healthcare, specifically section A.1 (e) of the Action Plan – Expand access to healthcare for county residents, with an emphasis on the uninsured and underinsured.

#### **OTHER CONSIDERATIONS**

Under this agreement ICHD agrees to provide approximately 20% of the Medical Director's time to the Ionia County Health Department, including a commitment to being on site at least 16 hours during each month. This commitment will be fulfilled primarily by Dr. Adenike Shoyinka. Additionally, the agreement provides that the administrative staff of ICHD occasionally consults with the staff of Ionia County.

#### RECOMMENDATION

Based on the information presented, I respectfully recommend approval of the attached resolution to support an amendment for Medical Direction and Consultation between ICHD and Ionia County Health Department for the term of July 1, 2020 through June 30, 2023.

Subject: Contract with MaLannoye Consulting to Review Member Eligibility and Expenses Relative to the

Health Services Millage Contracts with the Ingham Health Plan Corporation

For the meeting agendas of May 4 and May 6

#### **BACKGROUND**

In resolution #19-550 the Ingham County Board of Commissioners authorized contracts with the Ingham Health Plan Corporation (IHPC) through December 31, 2020. Resolution #19-550 contained the following clause:

BE IT FURTHER RESOLVED, the Ingham Health Plan Corporation shall be subject to regular review of member eligibility and expenses relative to this contract to ensure compliance with the contract and with the Health Services Millage ballot language.

MaLannoye Consulting, LLC has been under contract since 2016 to act as an outside reviewer to review IHPC invoices and determine that IHPC members that the County is billed for are millage eligible, and to determine that the services the County is billed for are within the scope of the contract. The contract expired on March 31, 2020. This resolution is necessary to approve an extension of that contract.

#### **ALTERNATIVES**

The most viable alternative at this time is to not monitor the IHPC contract in this way. The time will come in the near future when such monitoring is no longer necessary. A discussion will be needed with the Human Services Committee first.

#### FINANCIAL IMPACT

The contract with MaLannoye Consulting LLC, will be extended through September 30, 2020 for review of IHPC invoices from the 2020 Health Services Millage contract. The amount will not exceed \$3,500 from the Health Services Millage for monthly review of invoices and random sampling as to millage eligibility.

#### STRATEGIC PLANNING IMPACT

This resolution supports 5-year strategic plan, action plan Goal A. Service to Residents: Provide easy access to quality, innovative, cost-effective services that promote well-being and quality of life for the residents of Ingham County - Strategy 3. Develop a performance-based measurement system for monitoring and reporting County service delivery and outcomes.

#### **OTHER CONSIDERATIONS**

In the near future, a discussion at the Human Services Committee may be necessary to determine if it is necessary to continue monitoring the IHPC contract in this way.

RE: First Quarter 2020 Budget Adjustments, Contingency Fund Update

DATE: April 21, 2020

Enclosed please find the recommended adjustments to the Ingham County budget for the first quarter of fiscal year 2020. The total increase to the General Fund is \$97,189.

The quarterly budget amendment process as authorized by the Board of Commissioners is necessary to make adjustments to the adopted budget Usually, adjustments are made as a result of updated revenue and expenditure projections, grant revenues, reappropriations, accounting and contractual changes, and general housekeeping issues.

The majority of adjustments this quarter are reappropriations of funds budgeted but not spent in 2019. Some of the larger projects carried over from the 2017, 2018 and 2019 budgets include \$164,105 for the Stream Repairs VMC, and \$238,774 for jail chiller replacement and \$168,714 Clock Tower, \$249,417 for Circuit Court's courtroom technology replacements with ongoing major imaging/scanning projects \$331,025 for Circuit Court, \$121,268 Probate Court, and \$236,432 for the Clerk. DHHS Carpet Replacement \$240,000 and \$124,200 for Parking Lot Repairs at HSB are also from 2019. The IT department had a number of unfinished projects including \$150,000 for network redesign, and \$190,400 for Microsoft Licensing, and others that total \$77,075. Also re-appropriated are the majority of the Trails and Parks millage projects approved by Resolutions #16-257, #16-328, #17-109, #18-110, #18-186, #18-533, #19-047, #19-215, #19-284 and #19-504. The balance of these projects totals \$9,272,041.

In the General Fund, \$50,000 increase to transfer to the DHHS Foster Care Fund is being requested to cover cost not covered by State of Michigan funds. The Animal Control is requesting \$20,626 and the Sheriff requesting \$16,268 be re-appropriated for vehicles not purchased in 2019. The Prosecuting Attorney is requesting an additional \$5,000 to fund the Crime Victim Rights Grant that was reduced. \$5,000 is also being requested to fund the CAPCOG Membership that was not included in the 2020 budget. The Cultural Diversity Unity Committee request \$295 be re-appropriated for luncheon fund not spent in 2019. The use of fund balance uncommitted will be increased to balance these changes.

Also included is an update of contingency fund spending so far this year. The current contingency amount is \$155,514. The attached document details how the Board has allocated the contingency funds throughout the year, beginning with a balance of \$350,000.

Should you require any additional information or have questions regarding this process, please don't hesitate to contact me.

SUBJECT: 2021 Update of County Fees

When the Board of Commissioners adopted Resolution #02-155, setting various fees for county services, the Controller's Office was directed to annually review the fees and to recommend adjustments. We have completed our review for fiscal year 2021 consistent with this standing directive and offer a few adjustments for your consideration. This information will appear as a discussion item on the current round of committee meetings. We anticipate presentation of a resolution at the next round of meetings to recommend increases to certain fees. A draft version of the resolution is attached for your review and consideration.

Attached spreadsheets provide details of recommended fee adjustments to be effective for the Health Department and the Friend of the Court on October 1, 2020, park annual and zoo winter seasonal fees on October 1, 2020, and for all other departments on January 1, 2021. As noted in the fee schedule, seasonal fees will continue through March 31, 2021.

The first attachment (Attachment A) offers analysis of proposed fees for 2021. The annual average United States' consumer price index was used to do the calculation. This rate of 1.9% was also used by the State of Michigan for the inflation rate multiplier.

The following information is included for each fee:

- 1. Location of Service
- 2. Fee Description
- 3. The 2020 cost as calculated in last year's fee update process.
- 4. The 2021 cost, which was calculated by multiplying the 2020 cost by the consumer price index.
- 5. As identified by the Board of Commissioners, the target percent was determined by the percentage of cost to be recovered by the fee for service. The target percent for each fee was initially passed by Resolution #02-155. For other fees added after the passage of Resolution #02-155, in most cases, it was assumed that the fee as passed is charged at the appropriate cost with a target recovery of 100%.
- 6. The 2021 calculated fee is based on the 2020 cost multiplied by the target percent.
- 7. Although many fees were proposed to remain unchanged in 2021, the initial proposed fees were determined by rounding down the calculated fee to the full dollar amount and, in the case of some larger fees, rounded to the lower \$5 or \$10 increment. In some cases the cost multiplied by the target percent is much greater than the current fee, so only an incremental increase was proposed in anticipation of further upward adjustments over several years. Fees that are proposed to increase are presented in **bold type**.

- 8. <u>Units</u>. This variable was used to calculate anticipated revenue generated by a proposed fee. Initial information was provided in the Maximus study, and in some cases has been updated by the departments.
- 9. <u>Department/Controller Recommendation</u>. Department heads agreed with the initial proposed fees in most cases. Where there was disagreement, the department head was asked to provide supporting information such as a memorandum of explanation. In all cases, the Controller agreed with recommendations of the department head as follows:
  - a. CS: The Clerk does not recommend increasing any of her fees this year. However, a new fee Line 19 is added for Birth Written Verification (not certificates).
  - b. CS: The Zoo agrees with most fees except Lines 101-102– They would like to keep the same as 2020 since they match with Parks Department and Parks is not increasing them at this time either.
  - c. HS: The Health Department fees have been left at the 2020 rates due to the importance of Covid and staff not having the time to make this a priority currently. We can always do a separate resolution if necessary.
  - d. HS: The Parks Department agrees with some of the proposed fees with the following exceptions:

    Lines 119 & 121 Resident and Non-Resident Annual Fee in 2 022 or 2023 Parks would look at those fees being increased to \$35 and \$45. This would make it easier to change signs, information pieces, brochures, etc. at one time instead of annually. The increased cost of doing these changes annually outweighs the increased revenues. Line 165 Boat Launch Cost to print signs is more than the increase, but will be evaluated for 2022 or 2023. Line 183 Disc Golf (Annual Pass) The fee would remain the same in an attempt to encourage users to purchase the annual pass as opposed to the daily pass, thus increasing overall revenue by increase in number of annual passes sold over daily passes.

    The daily pass is increasing. Lines 187-191 Dog Park Regular Pass, student, senior, veteran, and owner of service animal Printed signs, applications, website, brochures, etc. have been printed and a larger increase at one time to limit changing the above material annually would be established.

    Possibly look to increase the same year as the Resident/Non- Resident Annual parking. Line 202 Moonwalk An increase in fee of the moonwalk rental from \$300.00 to \$325.00 to be at the same price threshold as rental companies.
  - e. L&C: Animal Control agree with all proposed fees except Lines 1-6, the licensing fees as we are the highest in the area. Also, Lines 31-35 are fees that they have been charging but were never put on fee list formally. They are for Spay/Neuter vouchers. We are working with Heidi to see actual cost, target % and units at this time. We sell the vouchers currently and then we pay a vet to perform the surgery and their fees have increased as well.
  - f. L&C: The District Court does not recommend any fee increase for 2021.
  - g. L&C: The Sheriff would like to keep fees the same for 2021 due to the state of the world currently.
  - h. L&C: The Friend of the Court does not want to increase the bench warrant fee. Ingham County already has by far the highest fees in the State, and accounts for approximately half of all Bench Warrant Fees collected in Michigan. Approximately ¾ of all FOC offices do not collect a Bench Warrant Fee.
- 10. Additional revenue is projected from the department head/Controller recommended increase in fees multiplied by the units.

A summary of proposed fee increases for 2021 is presented in the final spreadsheet (Attachment B). The spreadsheet simply lists the 2020 fee, department head and Controller recommendations, and projected revenue for each fee where an increase was proposed.

Fee increases recommended by the Controller's Office would generate approximately \$70,000 in additional revenue in 2021.

## INGHAM COUNTY BOARD OF COMMISSIONERS

## RESOLUTION UPDATING VARIOUS FEES FOR COUNTY SERVICES

WHEREAS, the Board of Commissioners set various fees for county services in Resolution #02-155 based on information and recommendations of the *Maximus Cost of Services Analysis* completed in 2002; and

WHEREAS, the Board of Commissioners also established the percent of the cost of providing the services which should be recovered by such fees, referred to in this process as a "target percent"; and

WHEREAS, the Board of Commissioners has directed the Controller's Office to establish a process for the annual review of these fees and target percents; and

WHEREAS, the annual average United States' consumer price index was used as the cost increase factor; and

WHEREAS, this cost increase factor is applied to the previous year's calculated cost and multiplied by the target percent and in most cases rounded to the lower full dollar amount in order to arrive at a preliminary recommended fee for the upcoming year; and

WHEREAS, in cases where the calculated cost multiplied by target percent is much higher than the current fee, the fee will be recommended to increase gradually each year until the full cost multiplied by target percent is reached, in order to avoid any drastic increases in fees; and

WHEREAS, in cases where the calculated cost multiplied by target percent is lower than the current fee, no fee increase will be recommended for that year; and

WHEREAS, after initial recommendations are made by the Budget Office, these recommendations are distributed to the affected offices and departments, in order to receive their input; and

WHEREAS, after reviewing the input from the affected offices and departments, the Controller makes final recommendations to the Board of Commissioners; and

WHEREAS, the Controller's Office has finished its annual review of these fees and recommended increases where appropriate based on increased costs of providing services supported by these fees and the percent of the cost of providing the services which should be covered by such fees as established by the Board of Commissioners; and

WHEREAS, the Board of Commissioners has reviewed the Controller's recommendations including the target percentages, along with recommendations of the various county offices, departments, and staff.

THEREFORE BE IT RESOLVED, that the Board of Commissioners authorizes or encourages the following fee increases in the Attachments at the rates established effective January 1, 2021 with the exception of the Health Department and Friend of the Court, where new rates will be effective October 1, 2020, the Park and Zoo winter seasonal fees and the Park Annual Passes which will be effective starting November 1, 2020.

BE IT FURTHER RESOLVED, that the fees within major Health Department services are not included on the attachments and were not set by the policy above, but rather through policy established in Resolutions #05-166 and #05-242.
